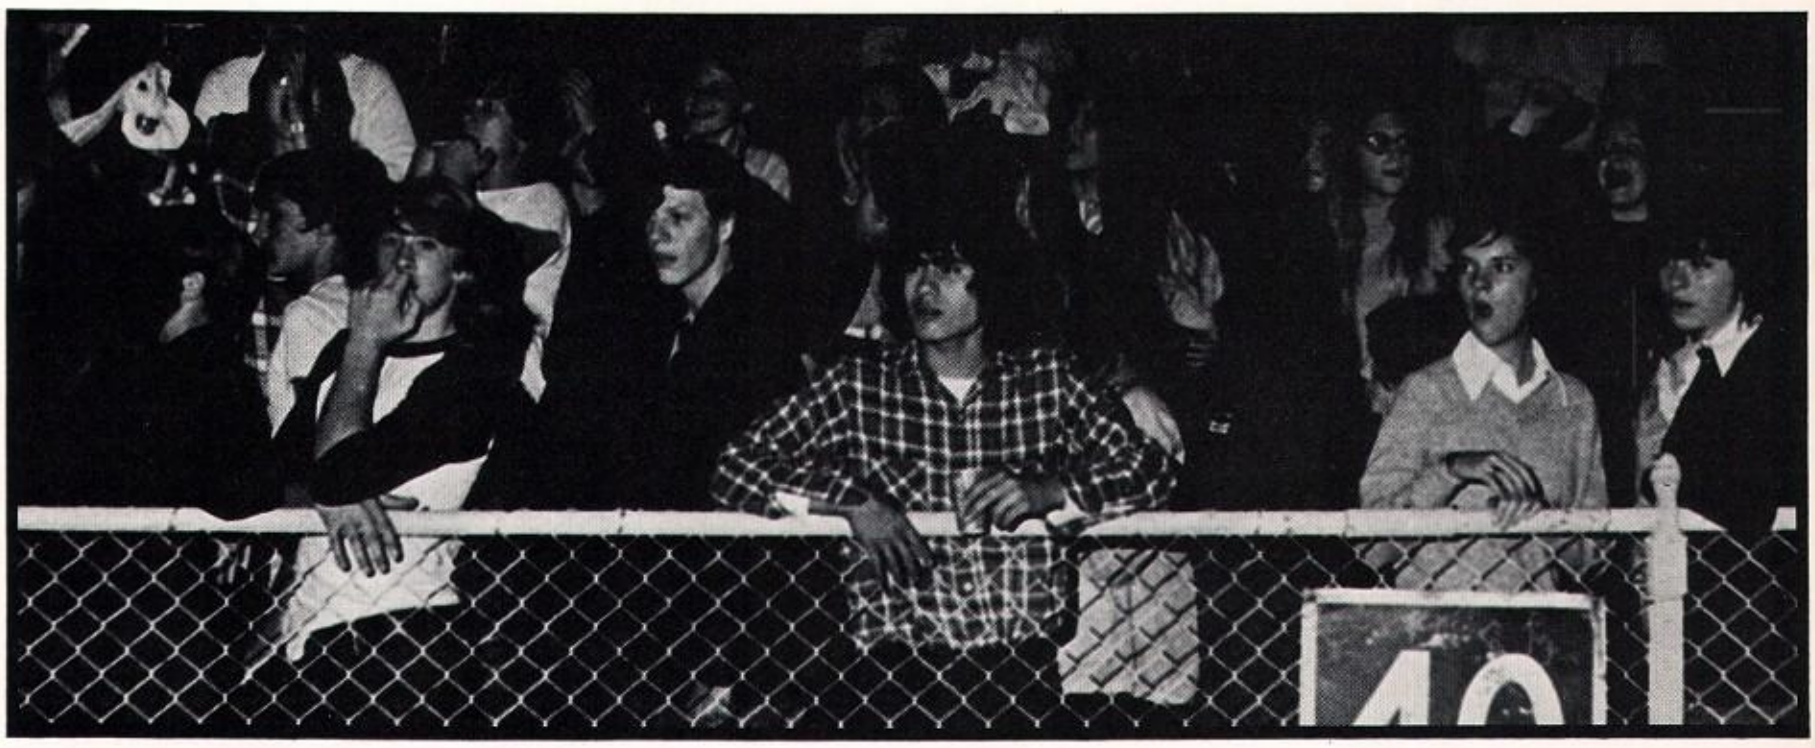
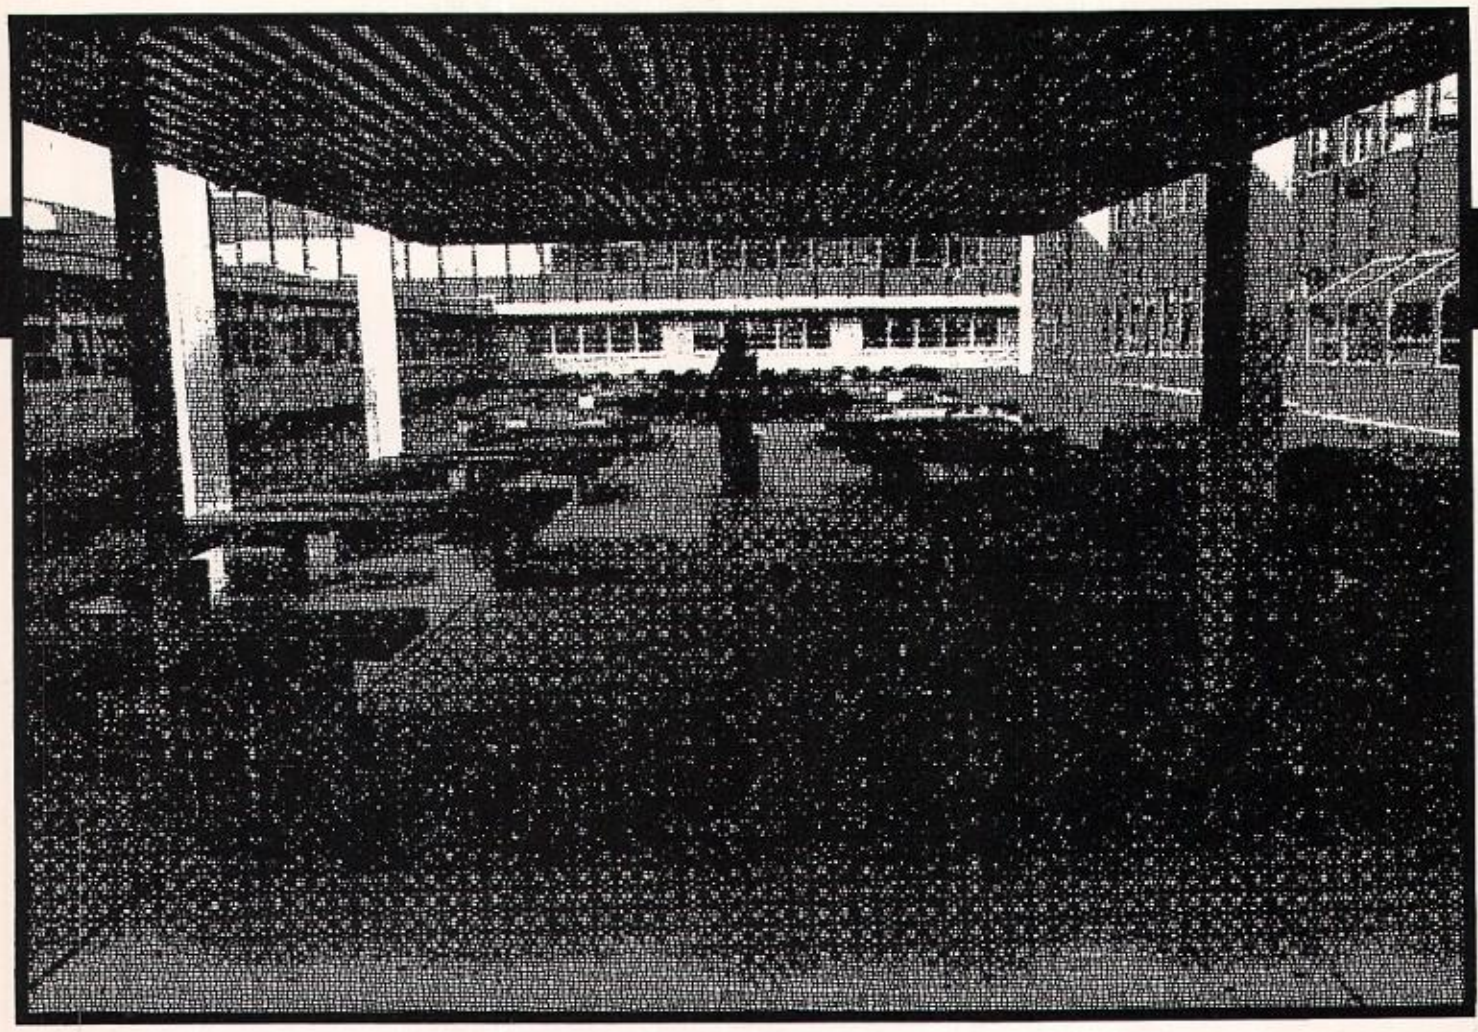
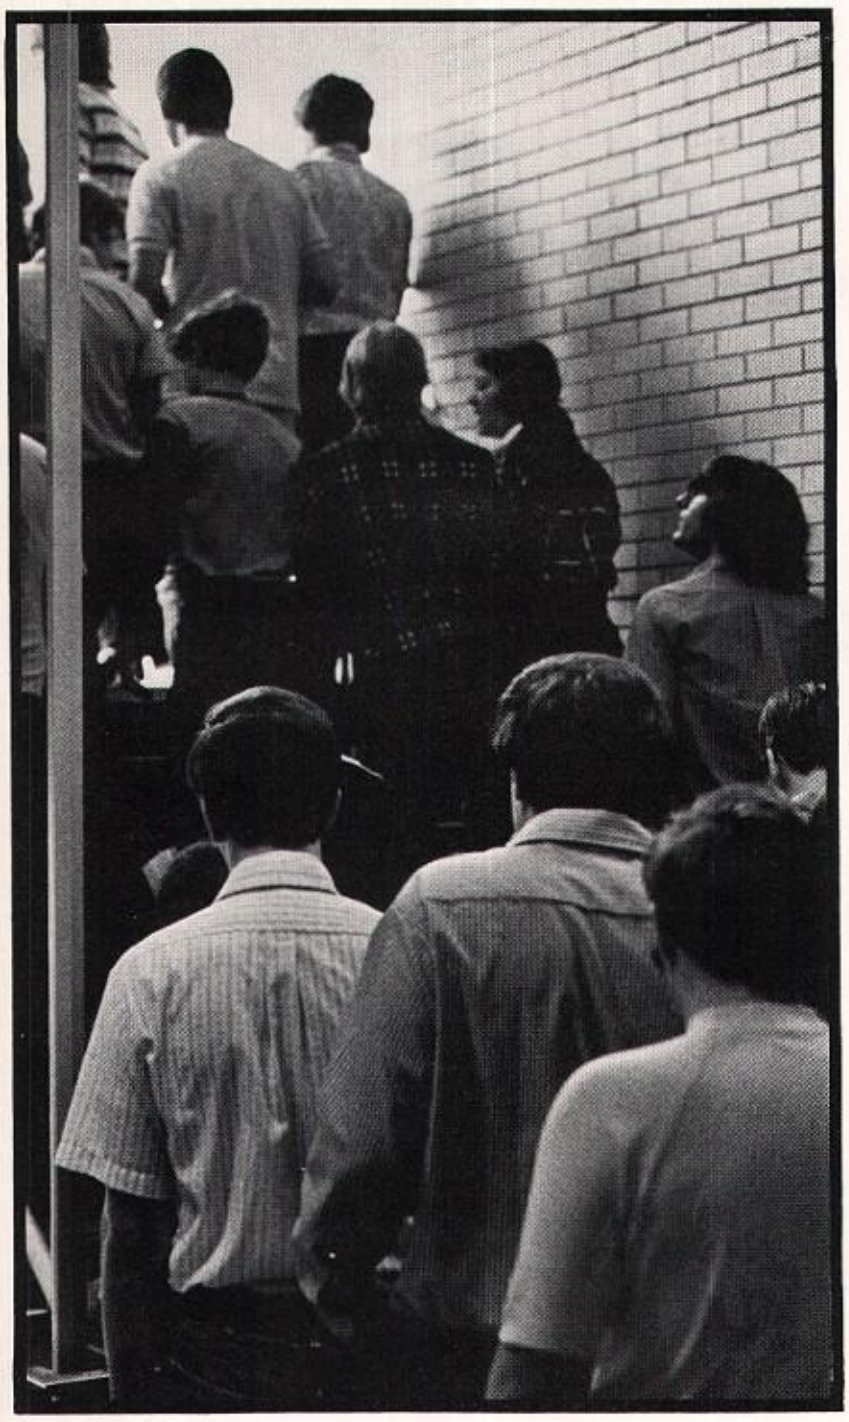
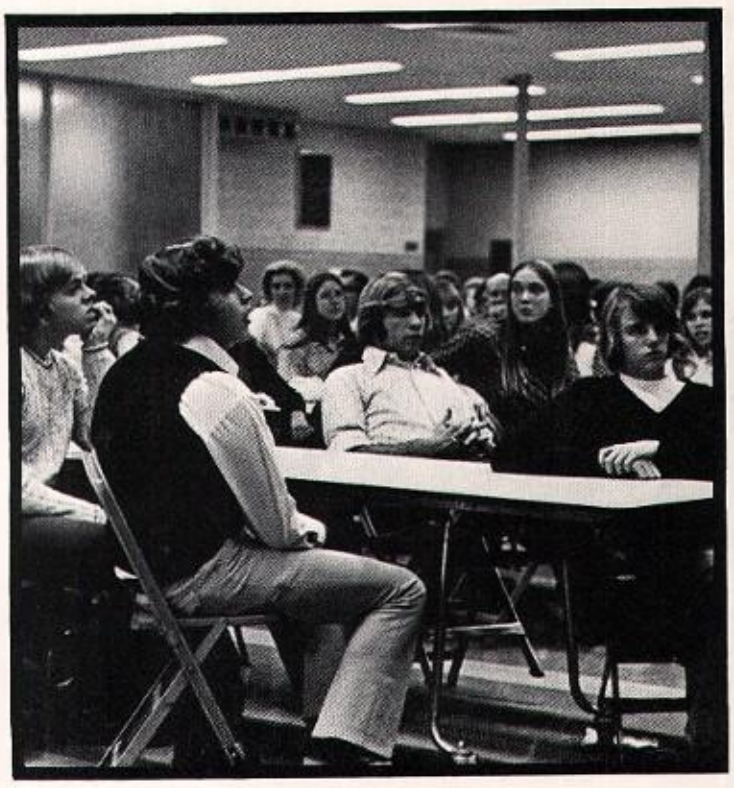
23RD AVENUE



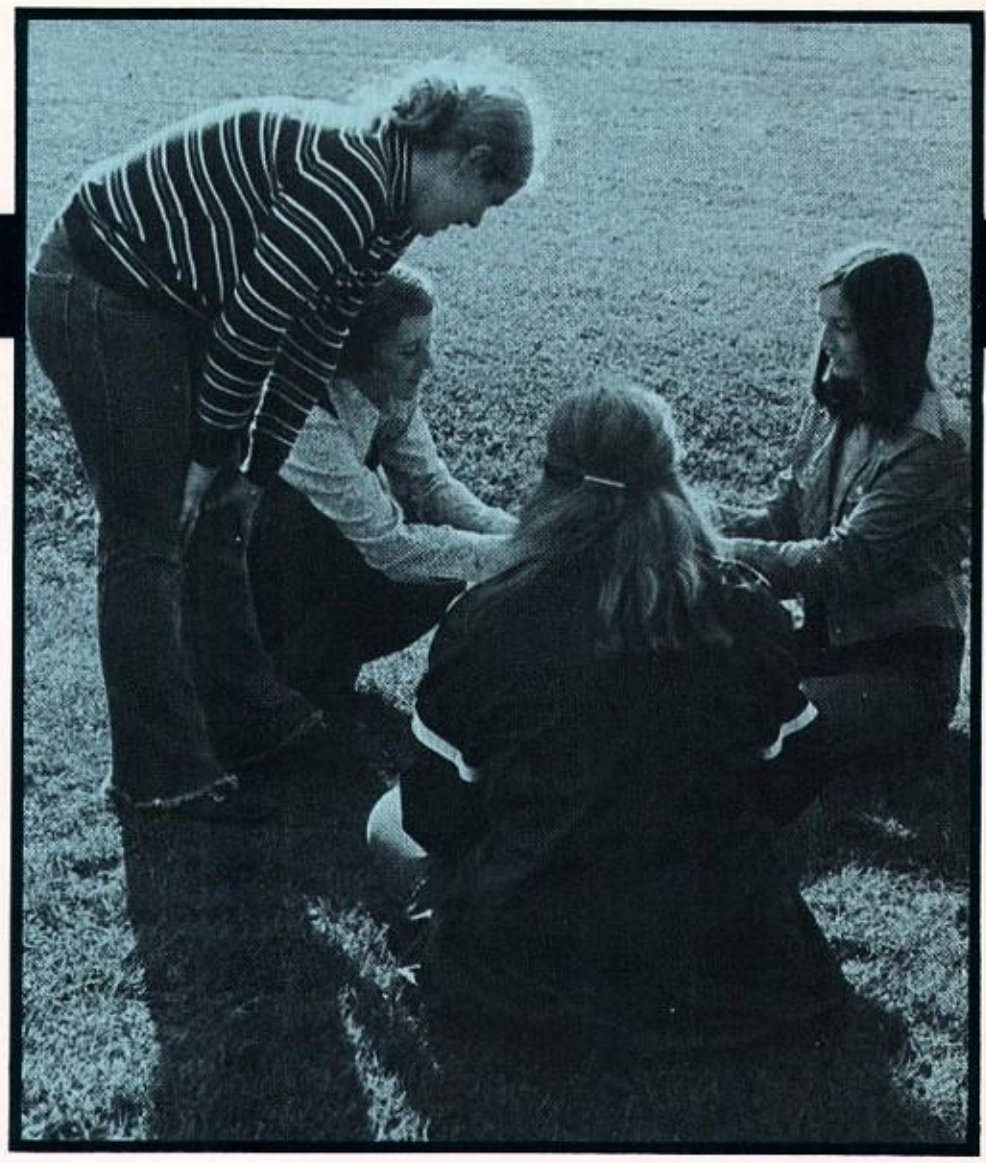


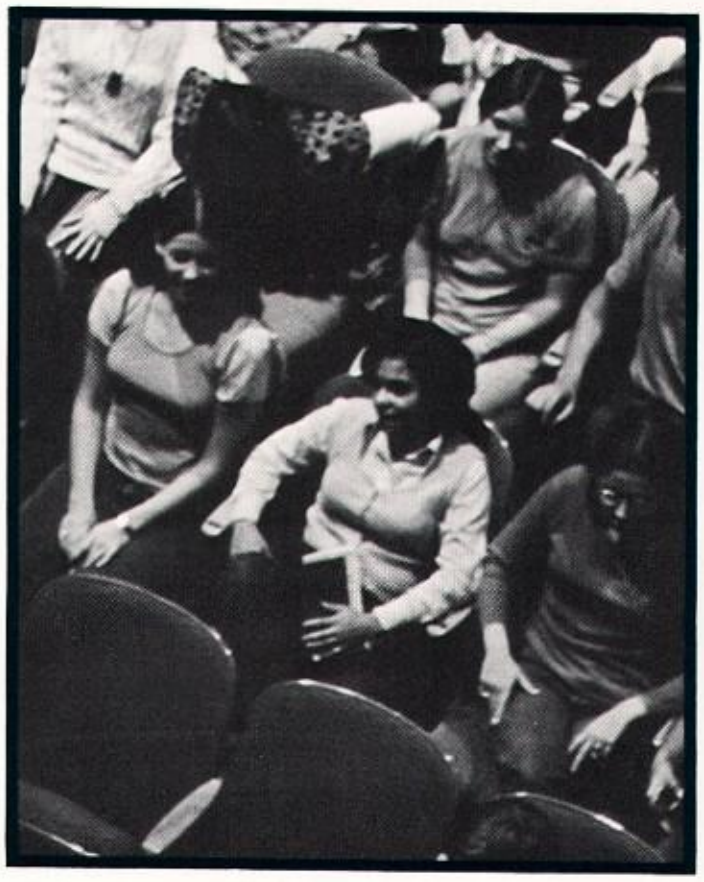


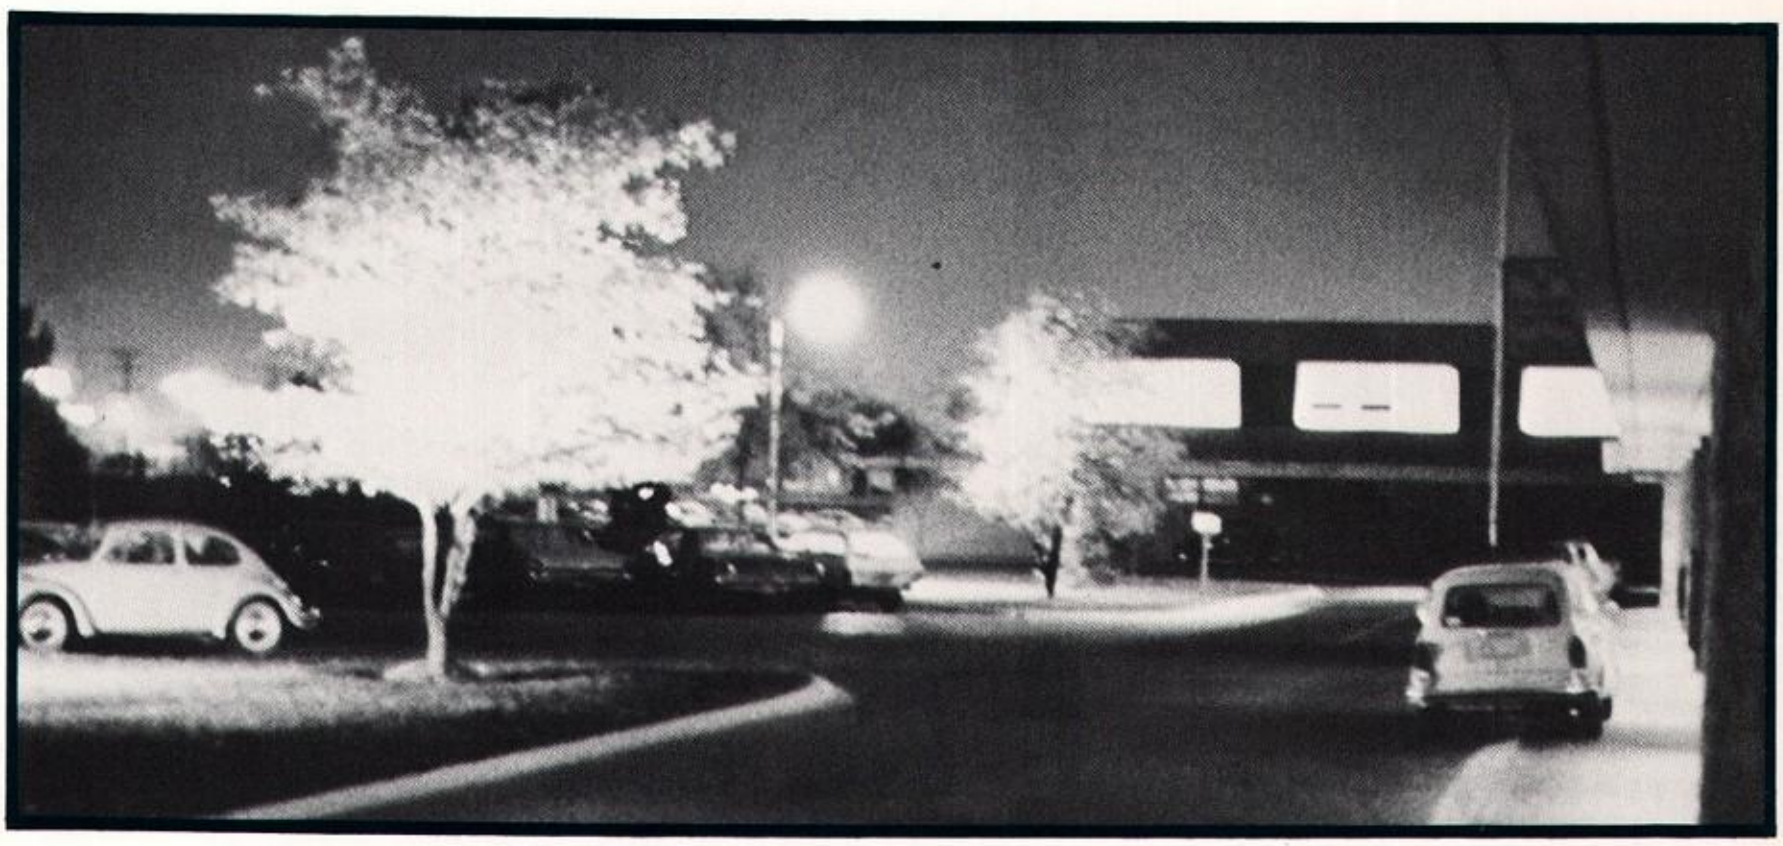


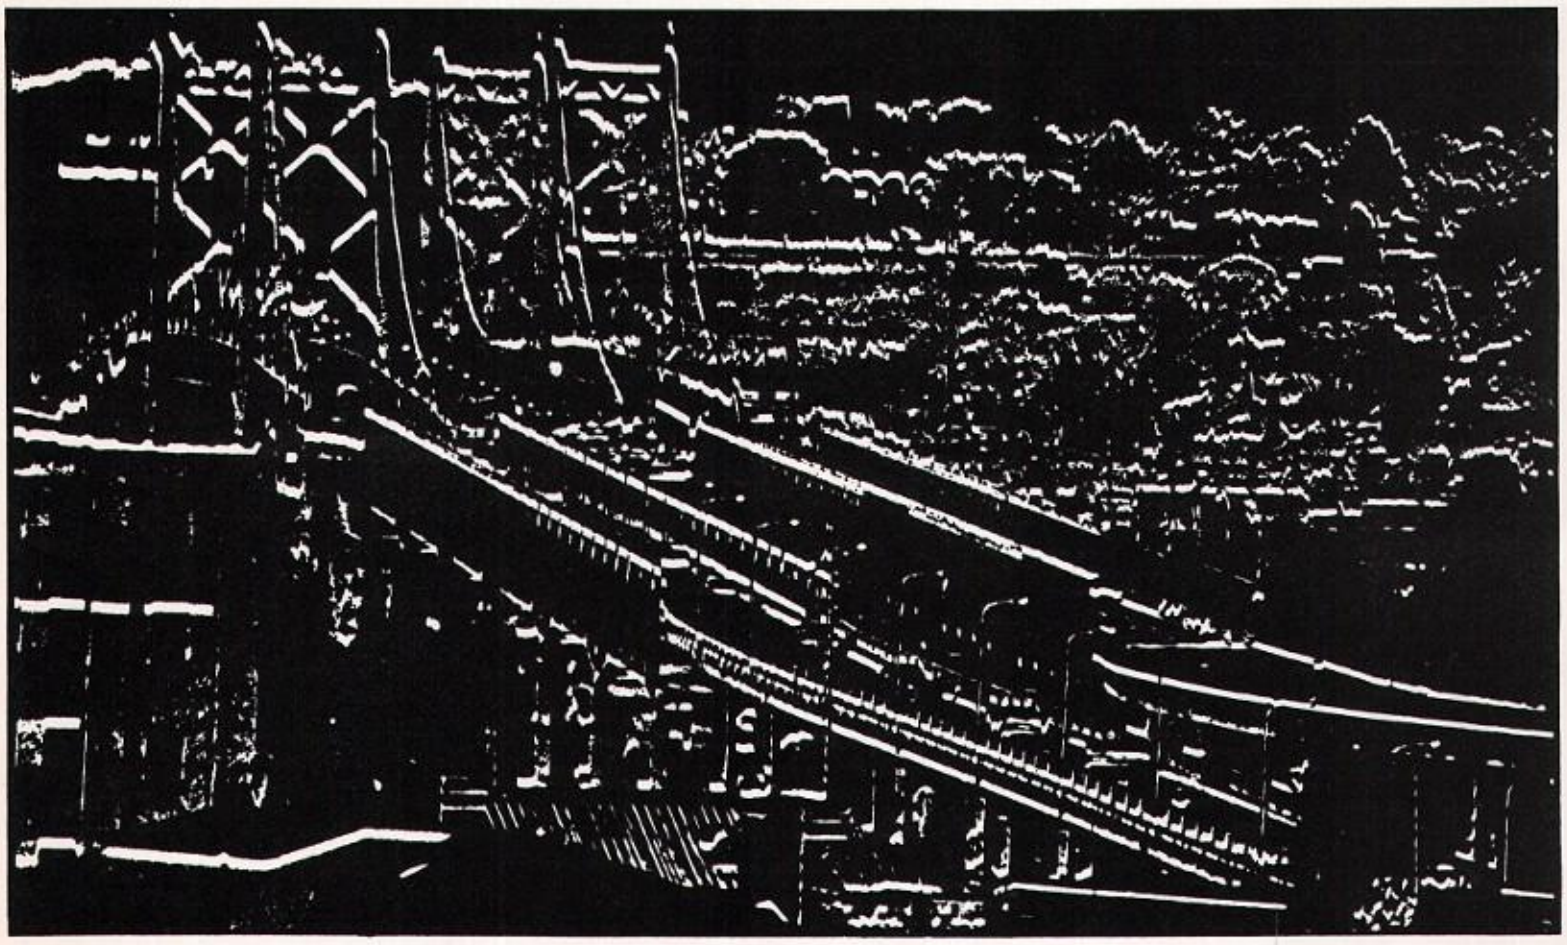
A loss of identity is
being called a beach instead
of a grain of sand.

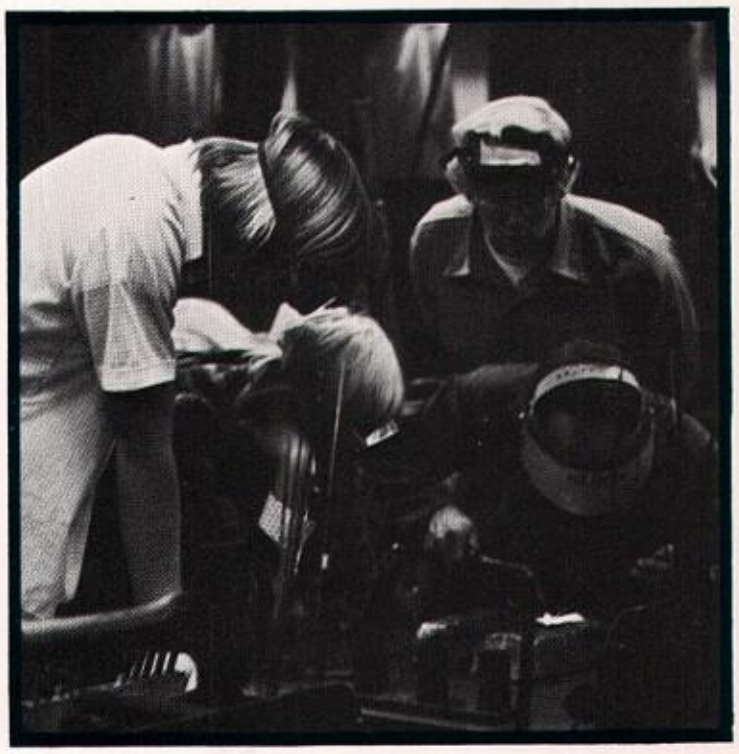
The community is a part of our lives, forming a span between school and the outside world.

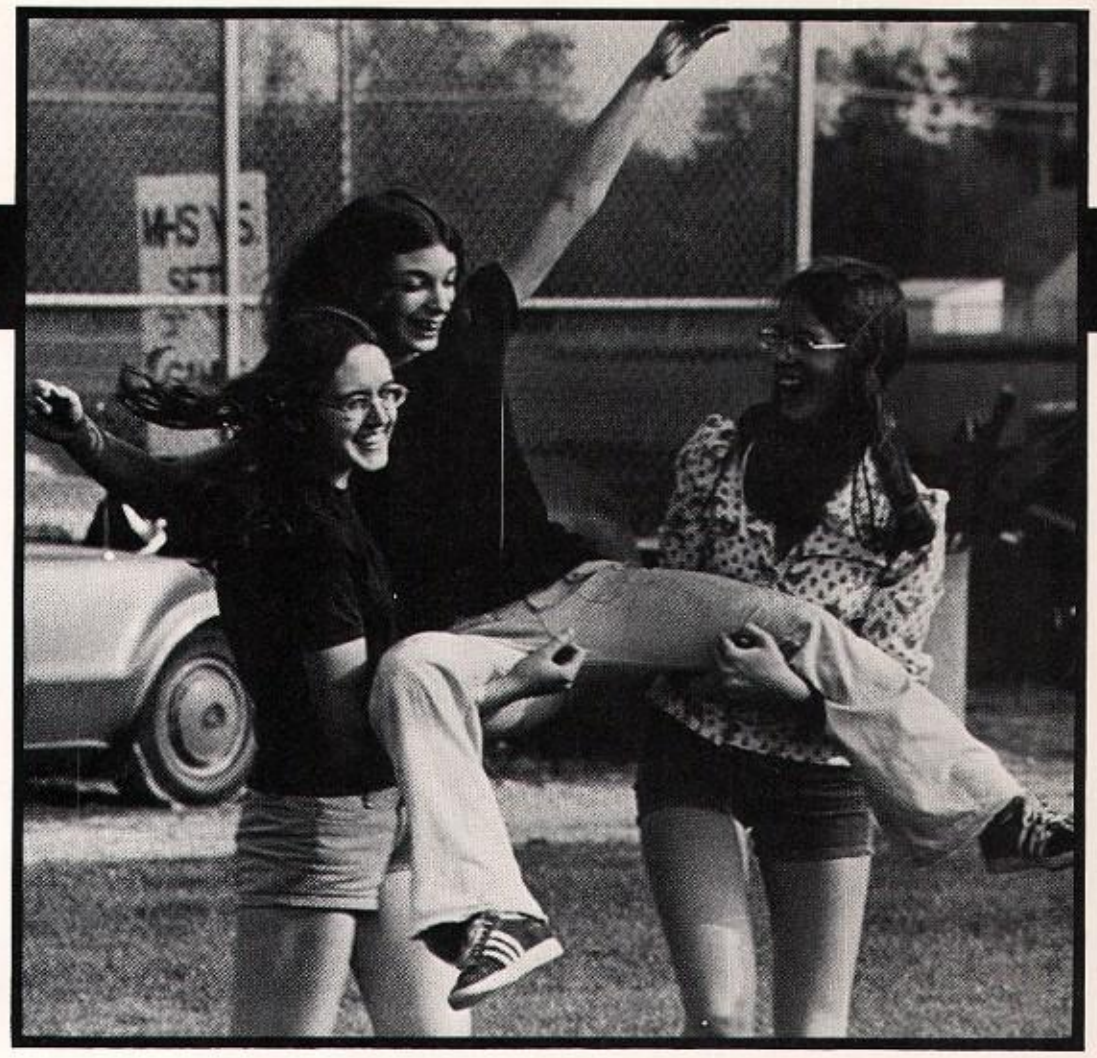




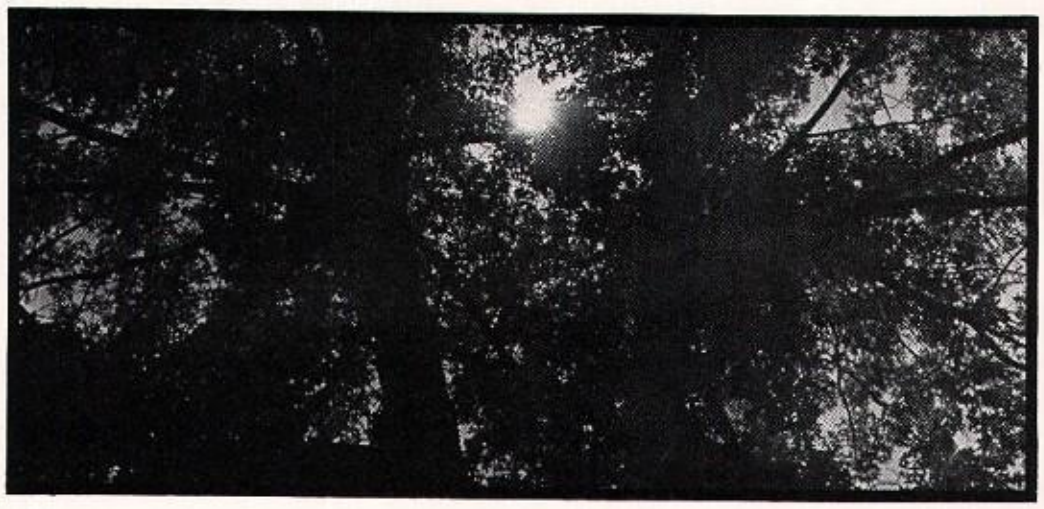


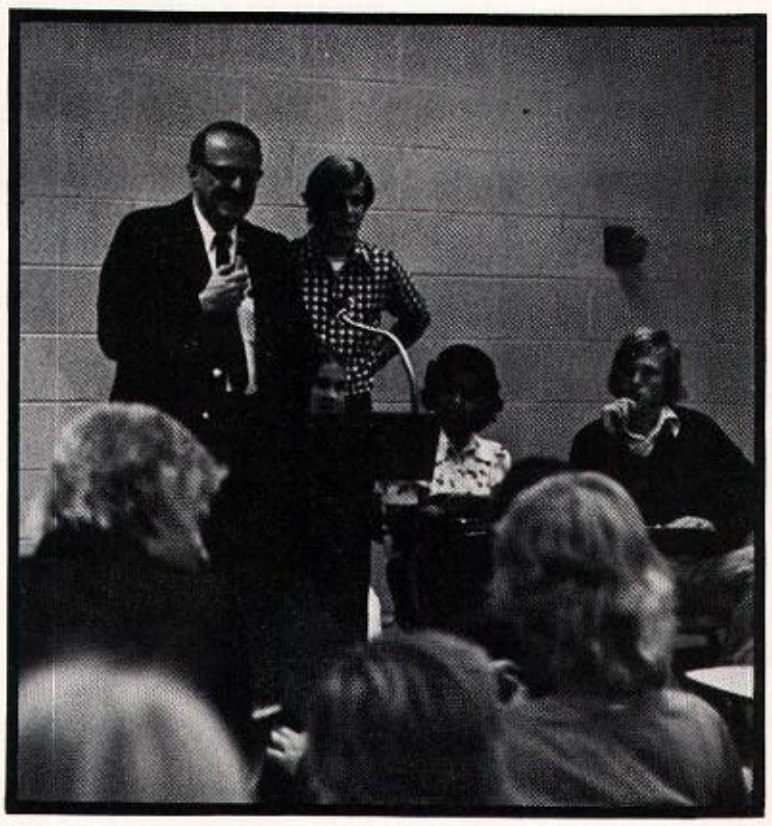


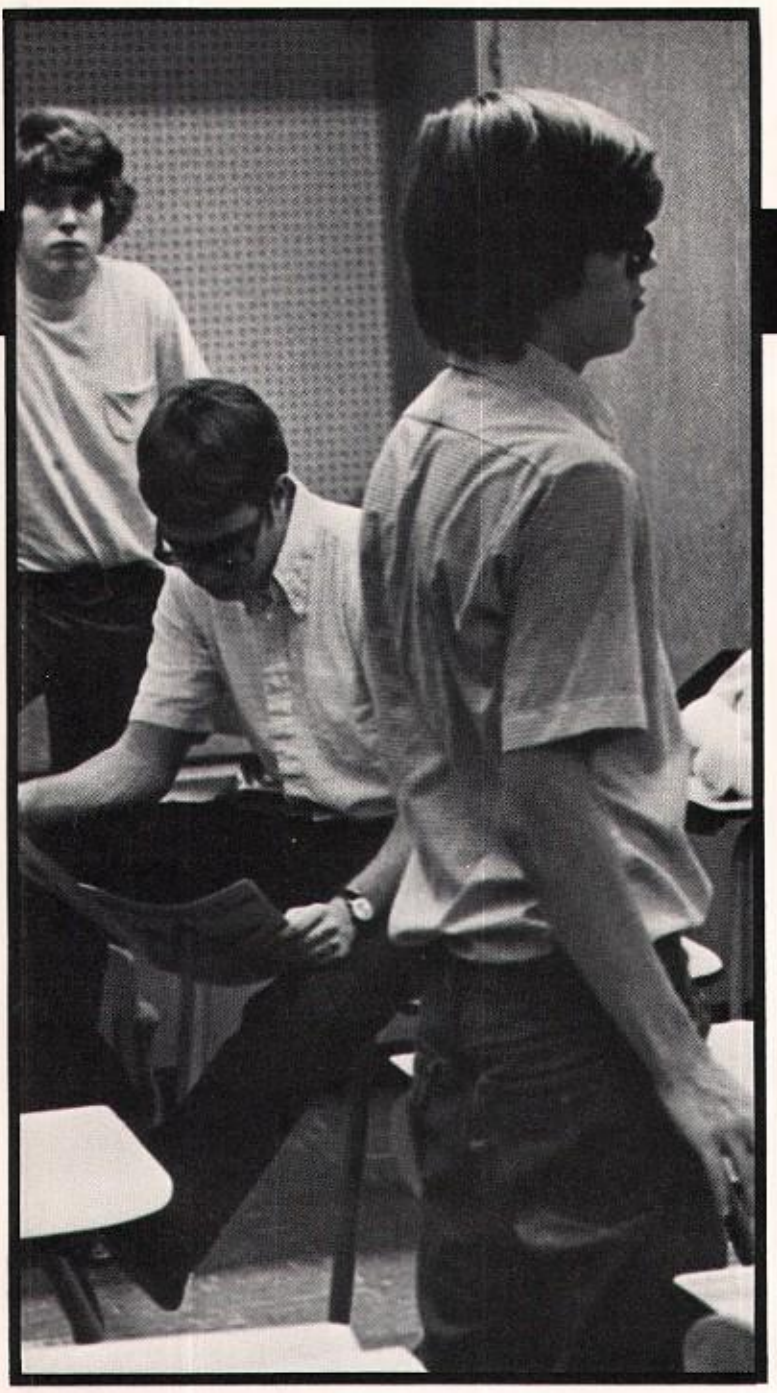


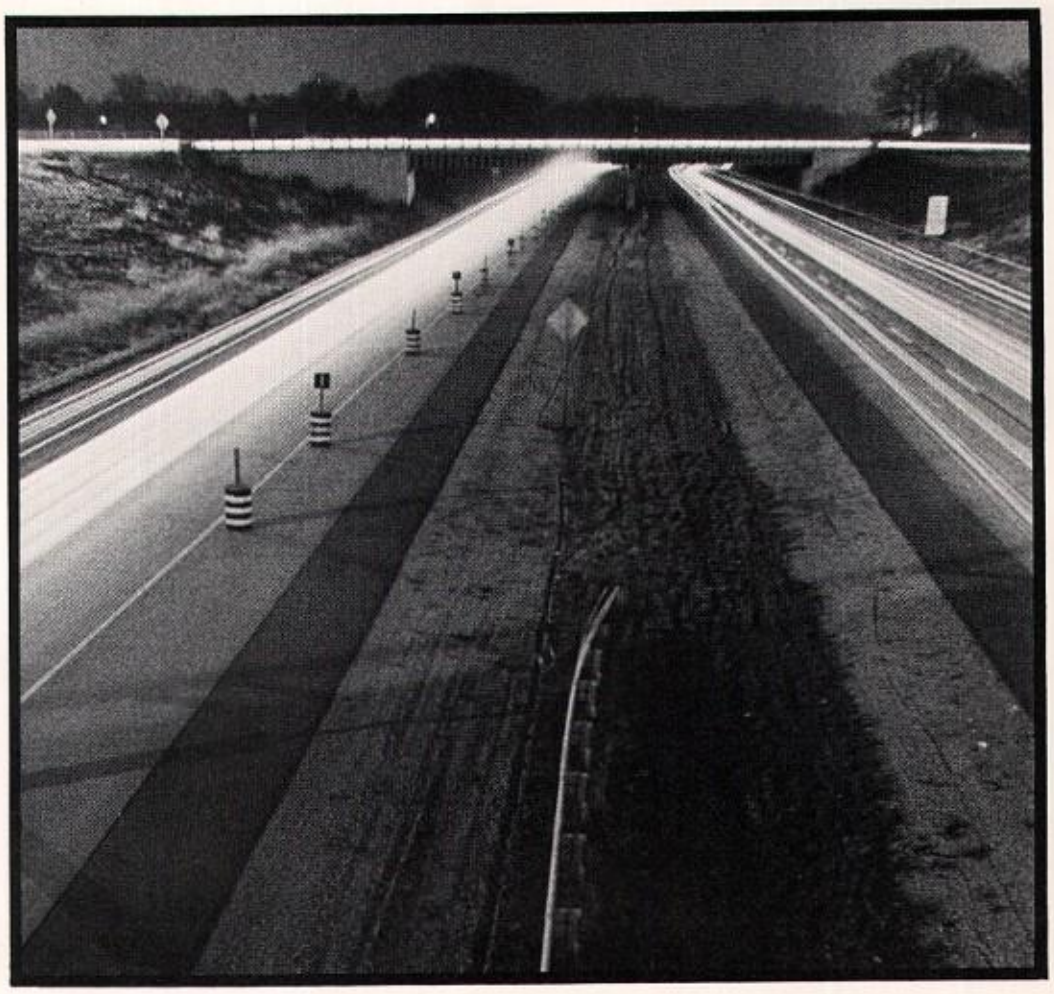


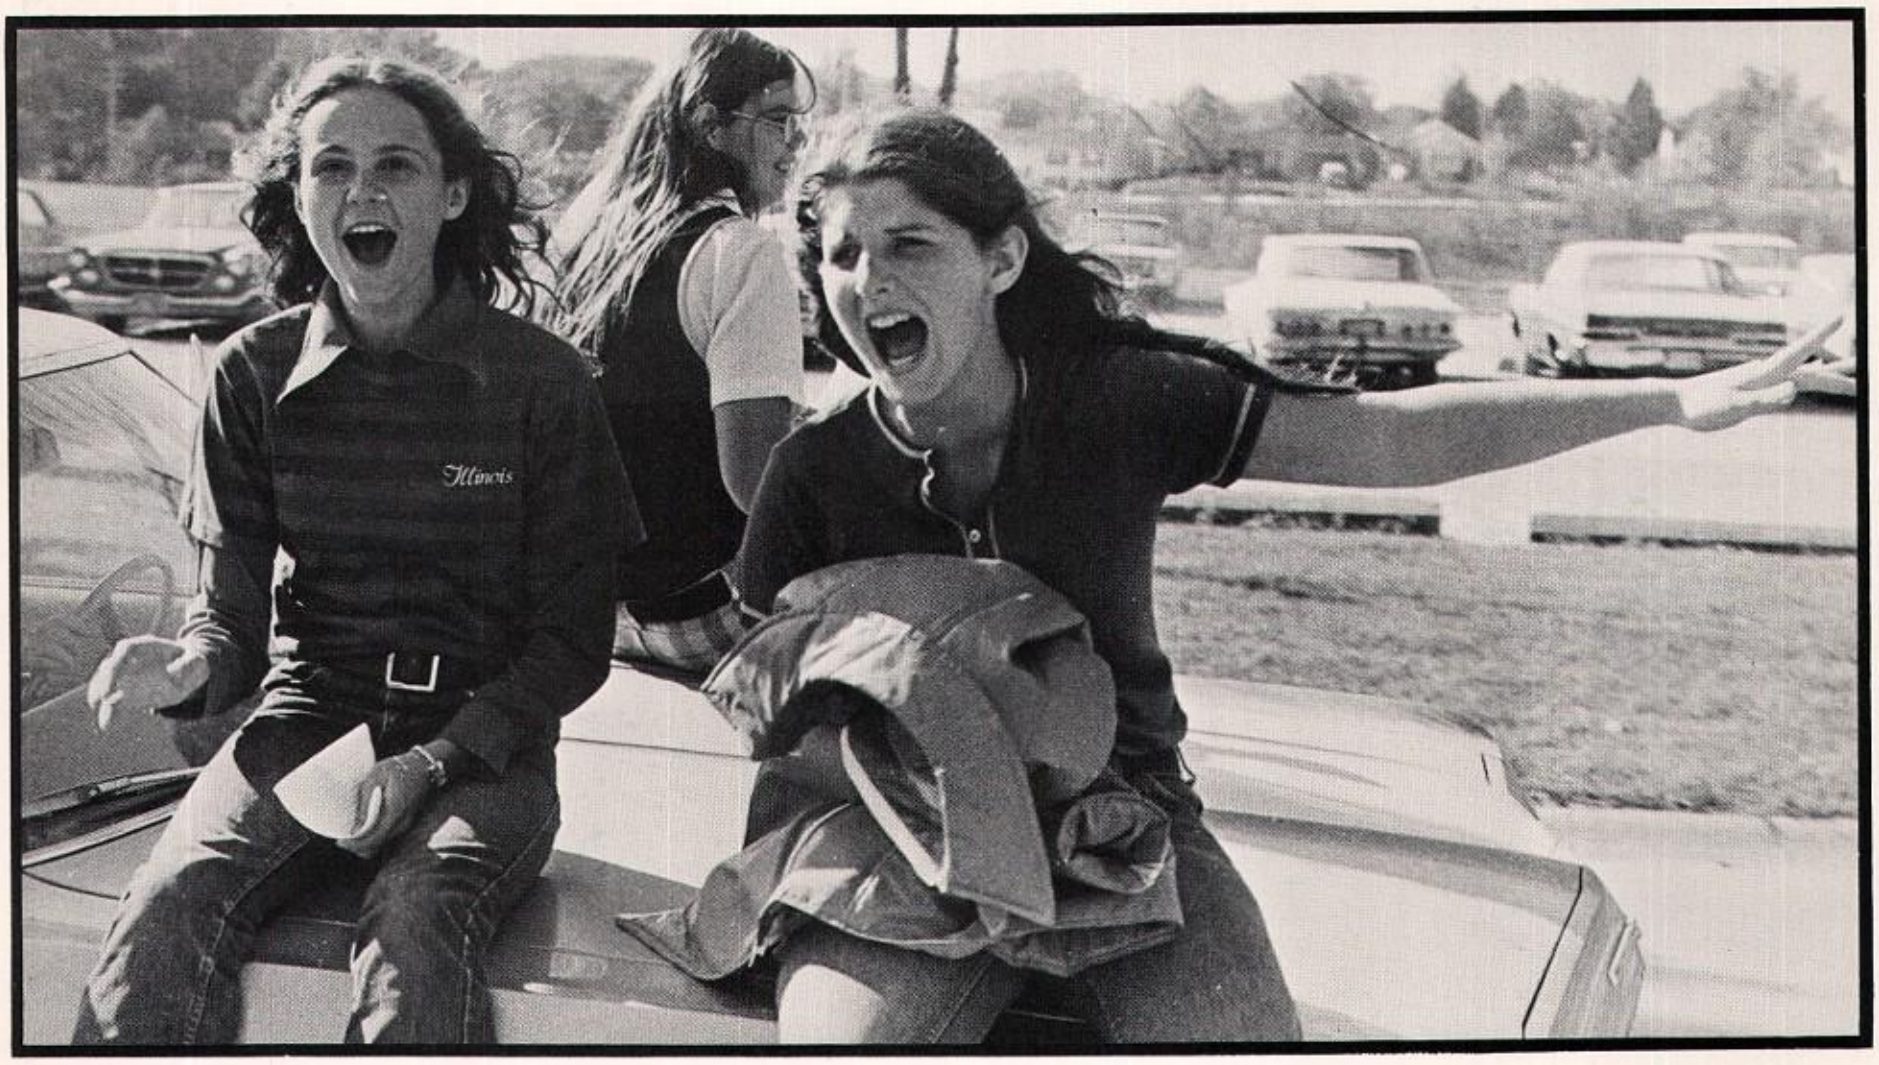
Our paths merge for three years,
then scatter like the rays of sunlight
through the leaves on a tree.











Illinois

The first big event of the year, Homecoming, was met with much excitement by the whole student body. The festivities started with a coronation assembly and was followed by a parade. Original floats, marching bands, and twirlers were just a few of the attractions in the parade. The Homecoming game and dance wound up this great weekend. This year's Homecoming Court were, *FIRST ROW:* Mark Robbins, Dave Youngvorst, Kim Henss, Pam Stout. *SECOND ROW:* Pat Eberhardt, Al Pannicucci, Rich Edwards, Kevin Wicks, Tom Doyle, Margaret Moen, Amy Anderson, Beth Stevens, Maria Escarza, Patti Rich. The Senior Class took the sweepstakes award with a winning float entitled "Pandamonium Tonite," and the Art Club won the Club division with the "Mighty Maroons". The game proved to be a disappointment, but over-all, Homecoming was a great success.

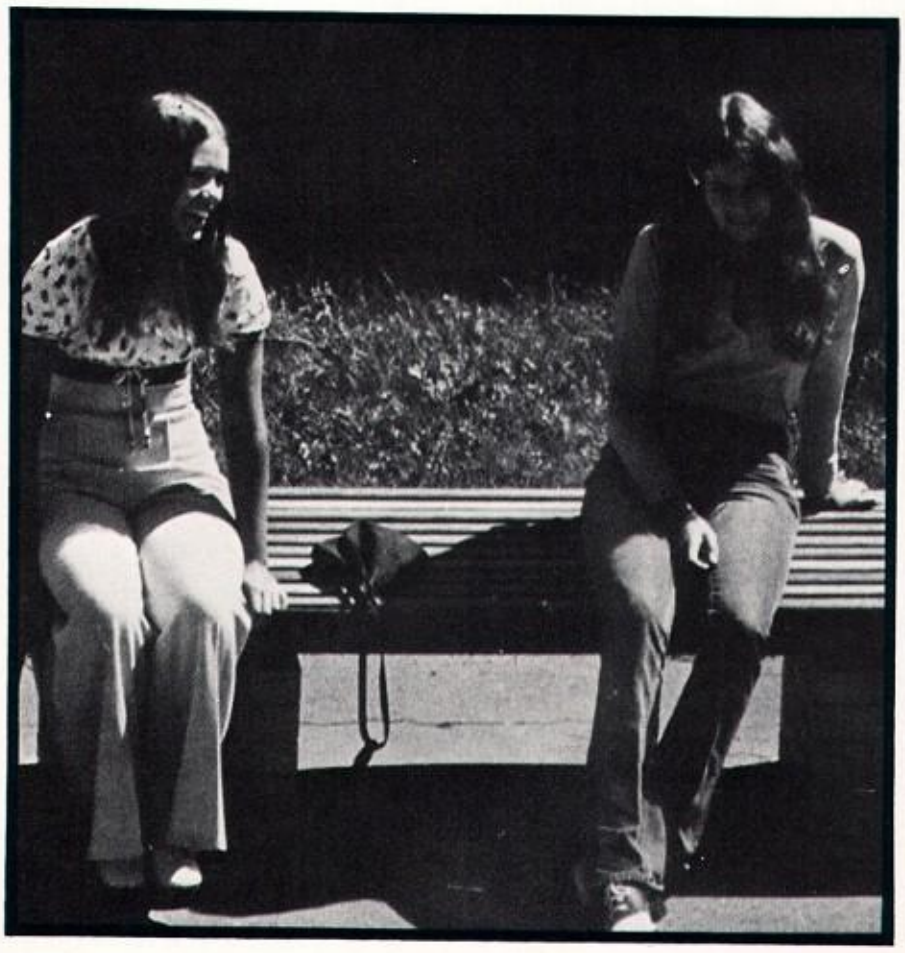
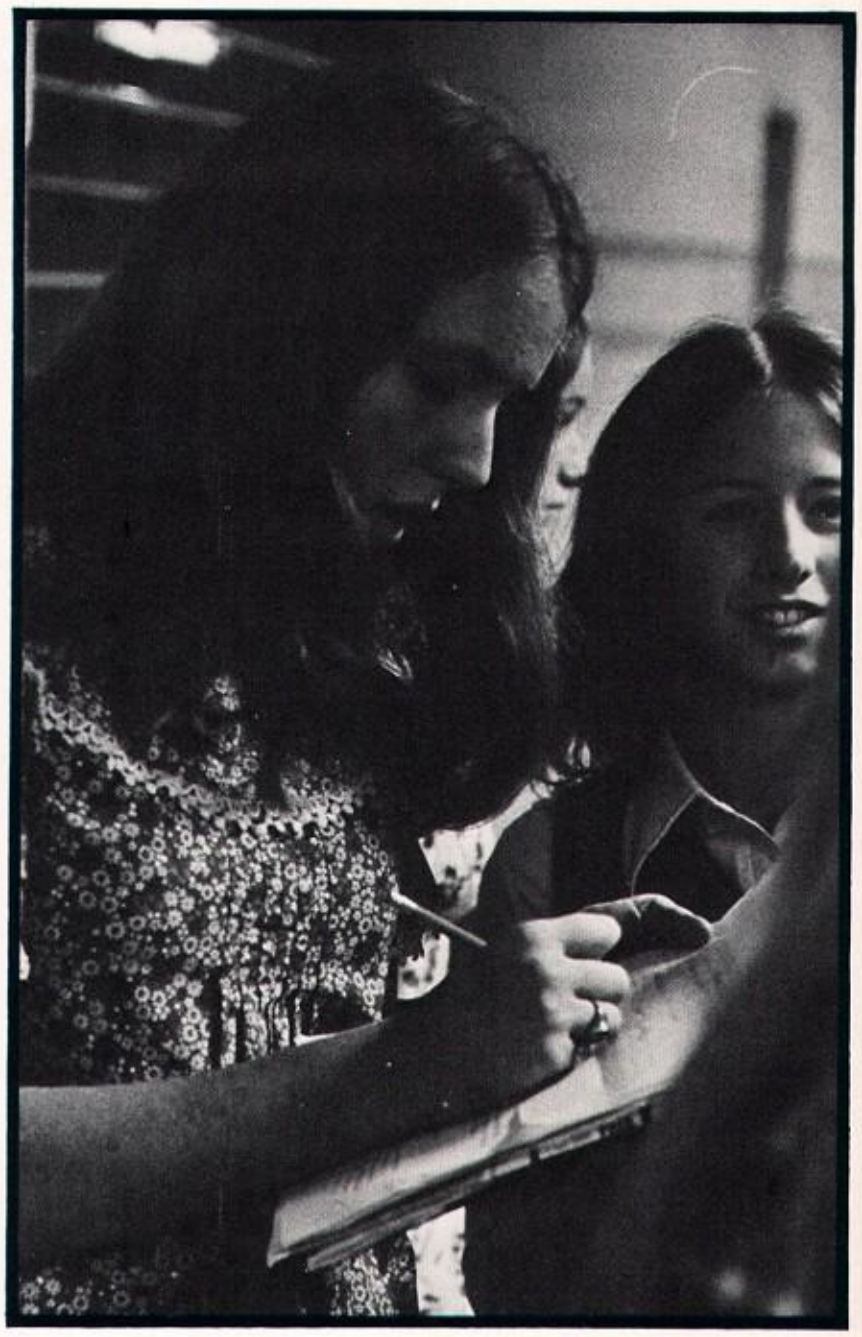
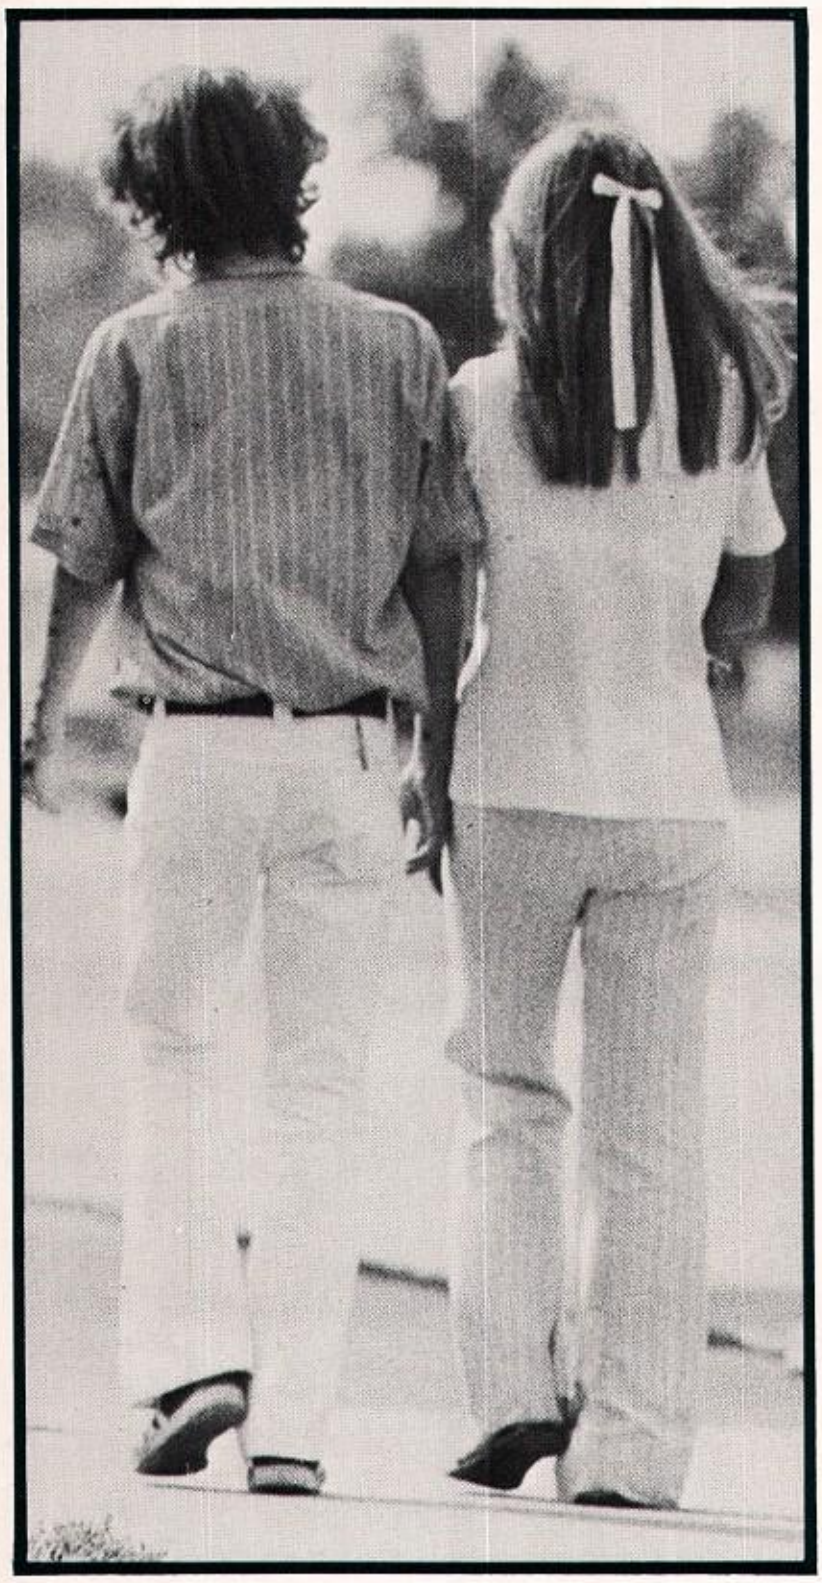
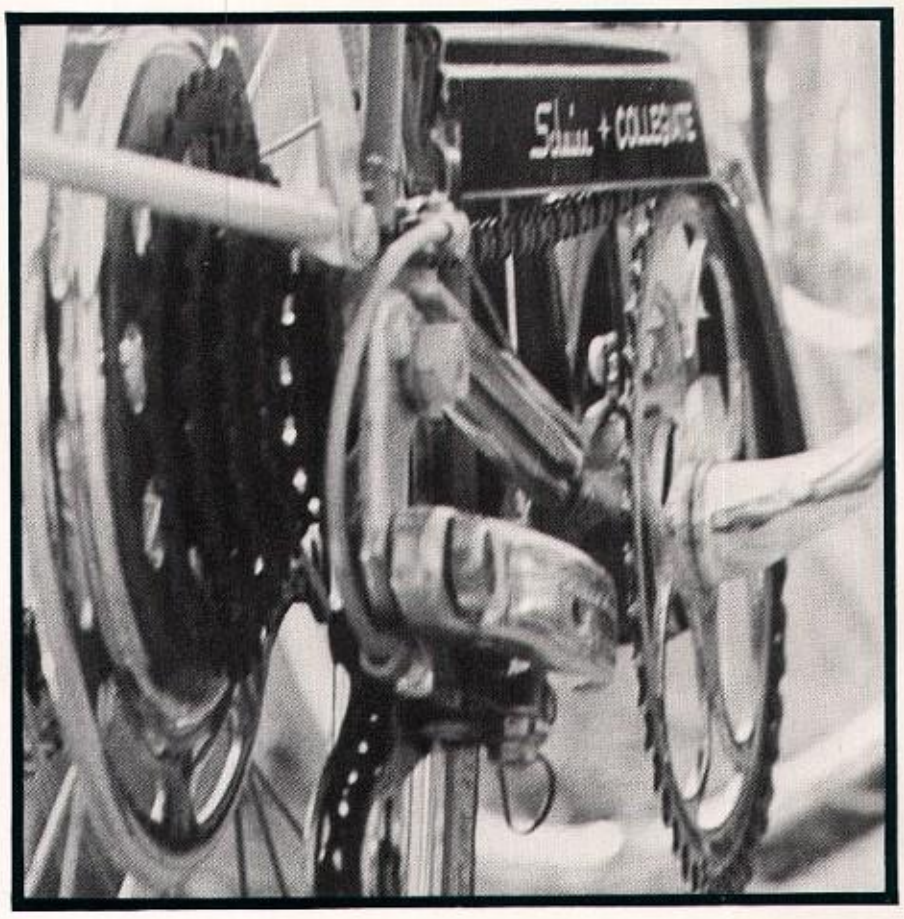
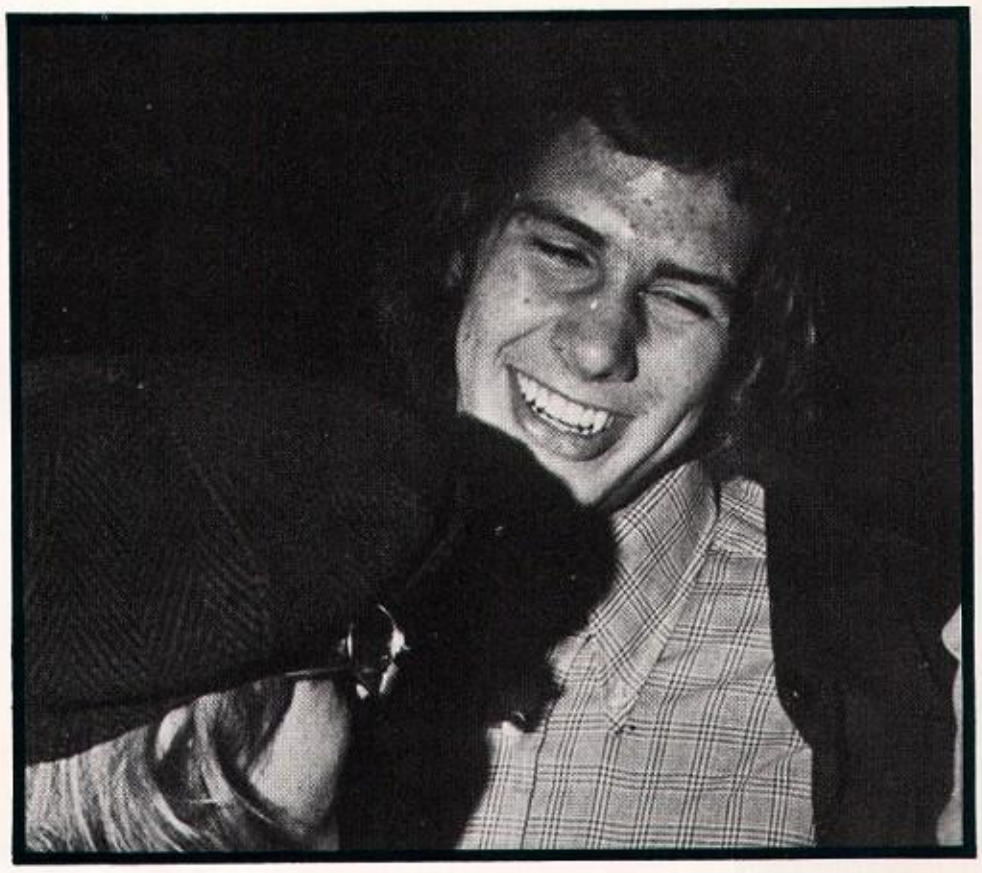
A new addition to the Homecoming assembly this year was Barb Roberts singing "Color My World".





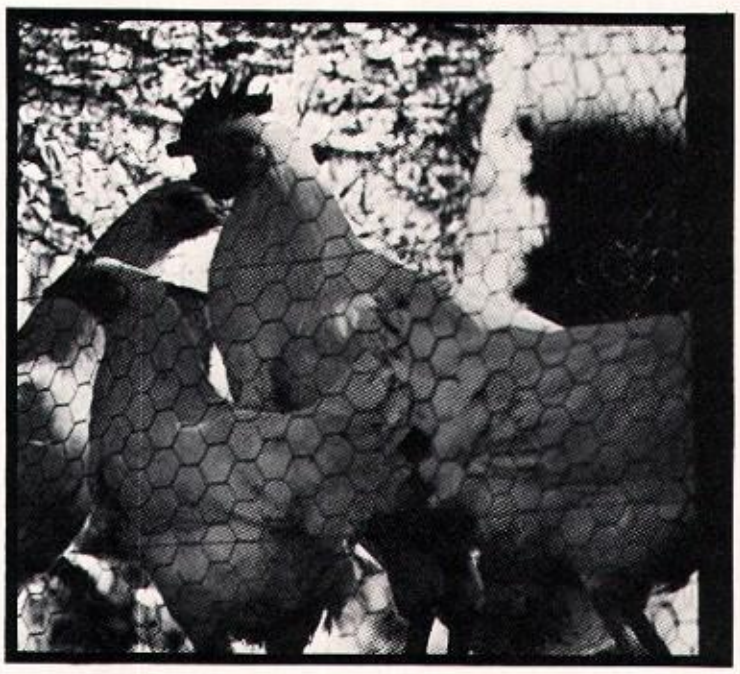


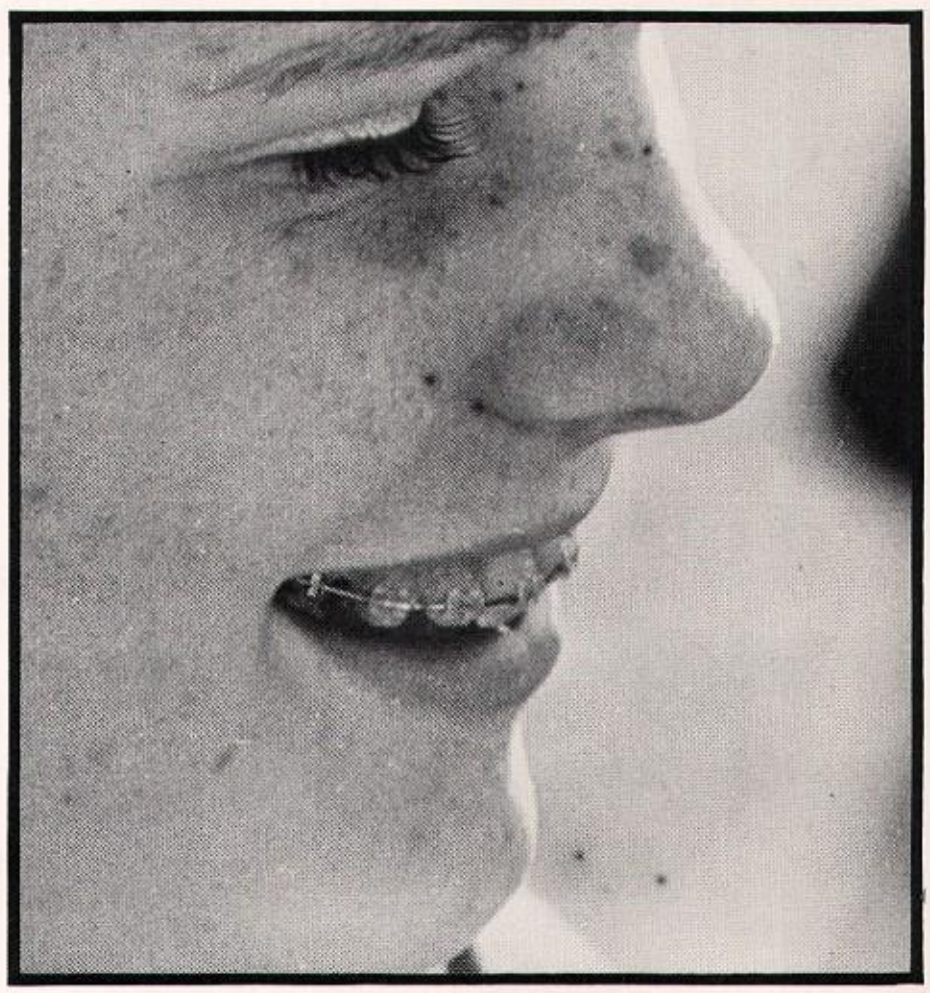


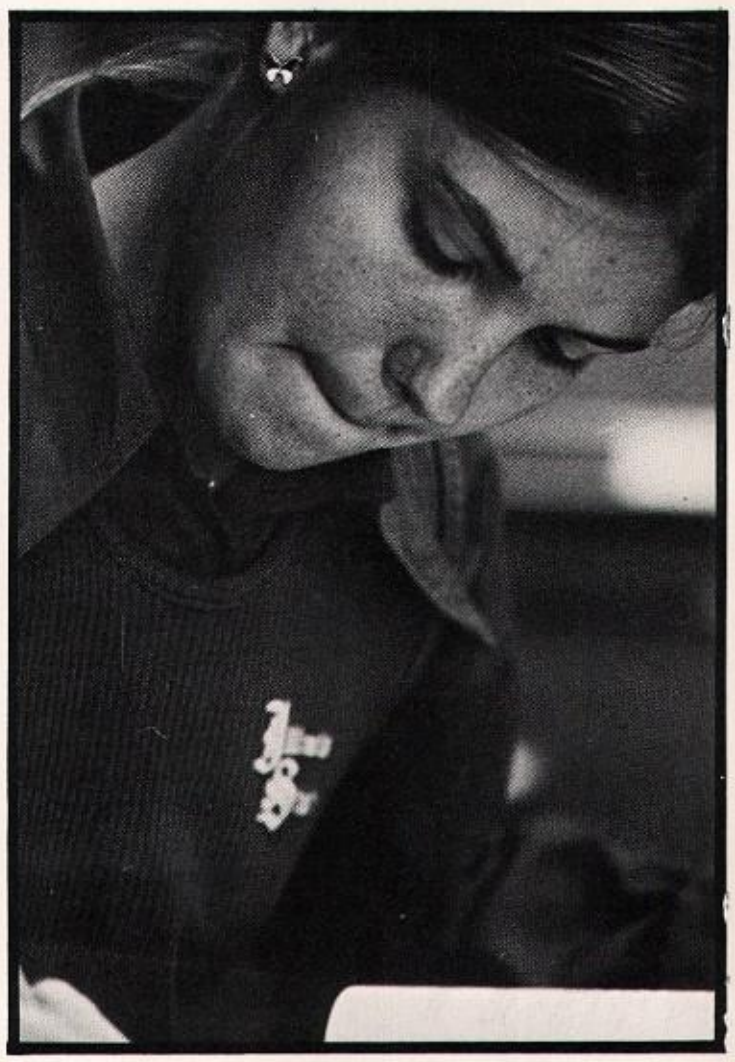


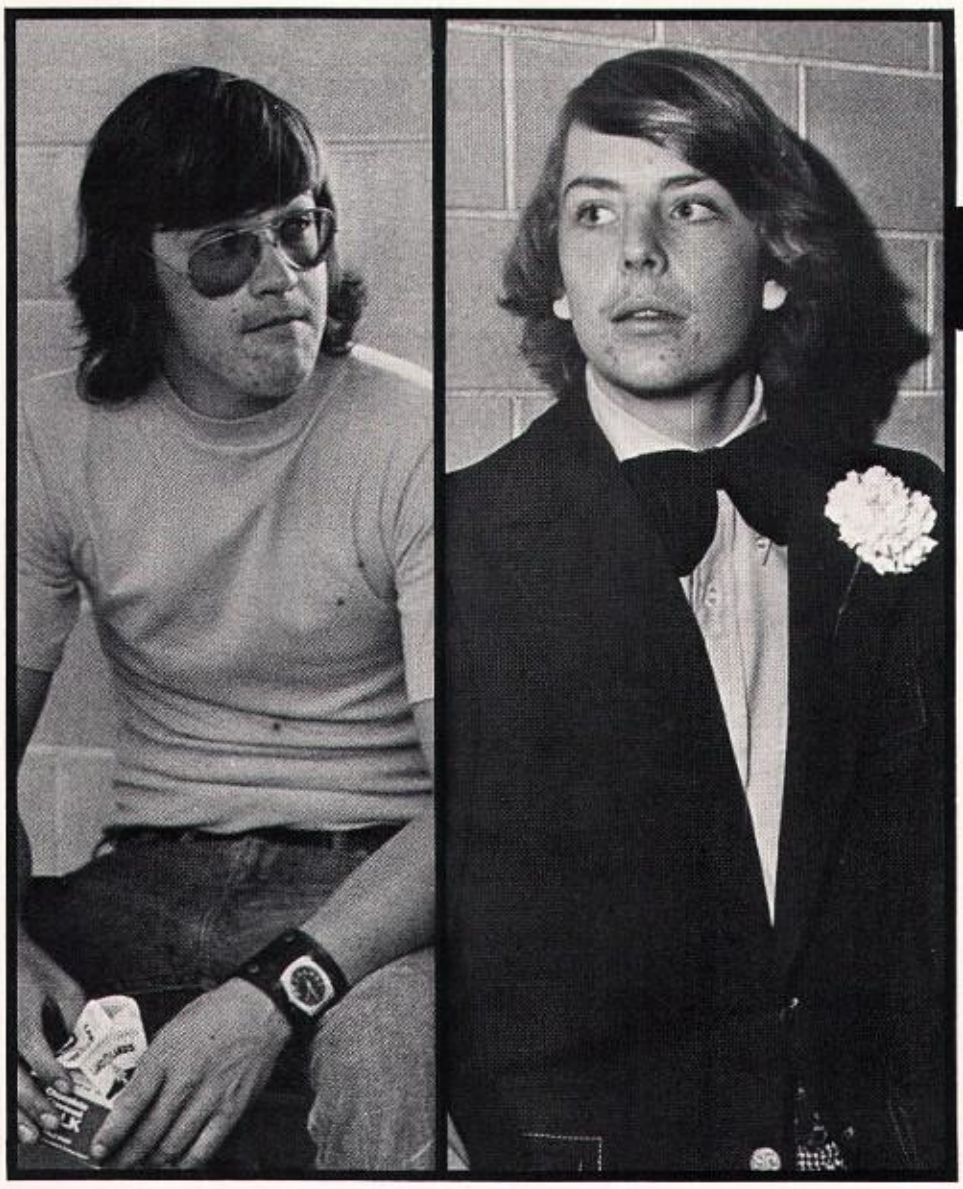
We are all friends encircling each others' lives with trust, concern, encouragement, and most of all, companionship.

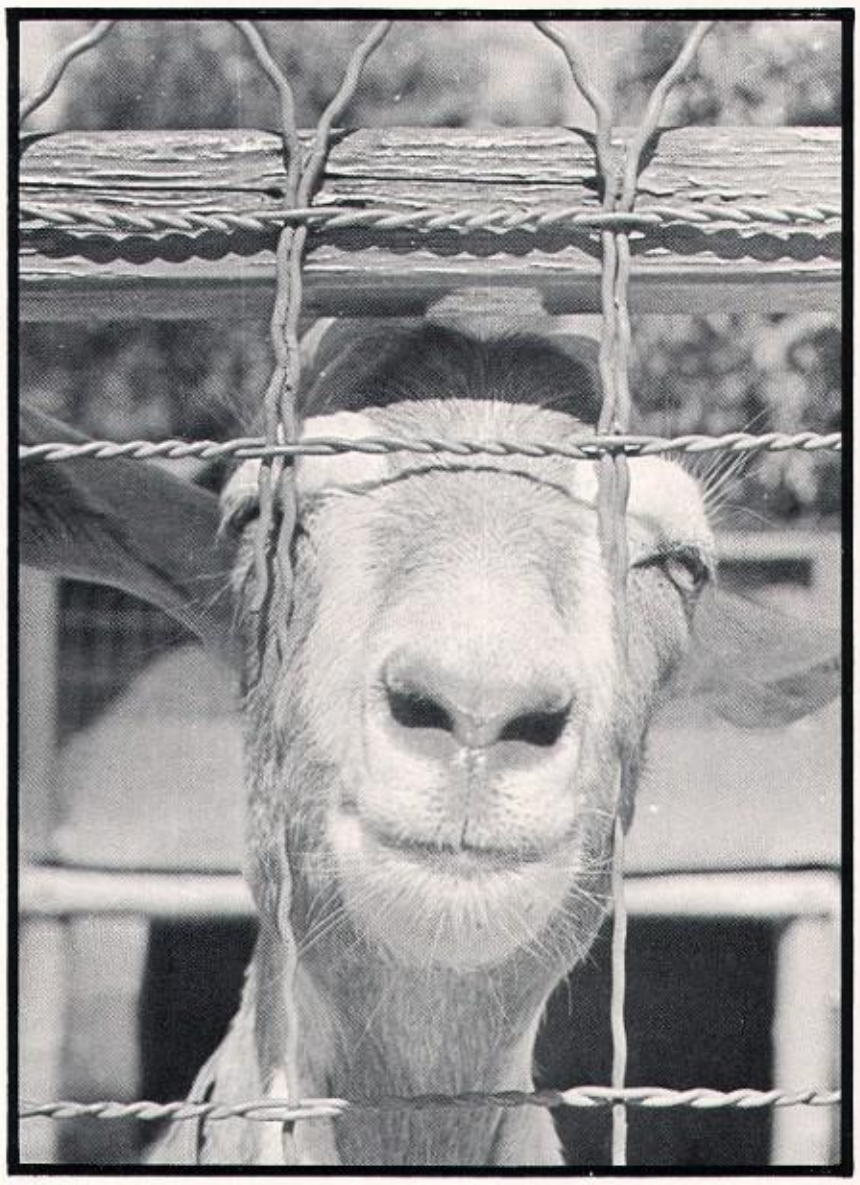
As our life styles change,
The beliefs, hopes, and fears
that we have expand and mold
our different personalities.

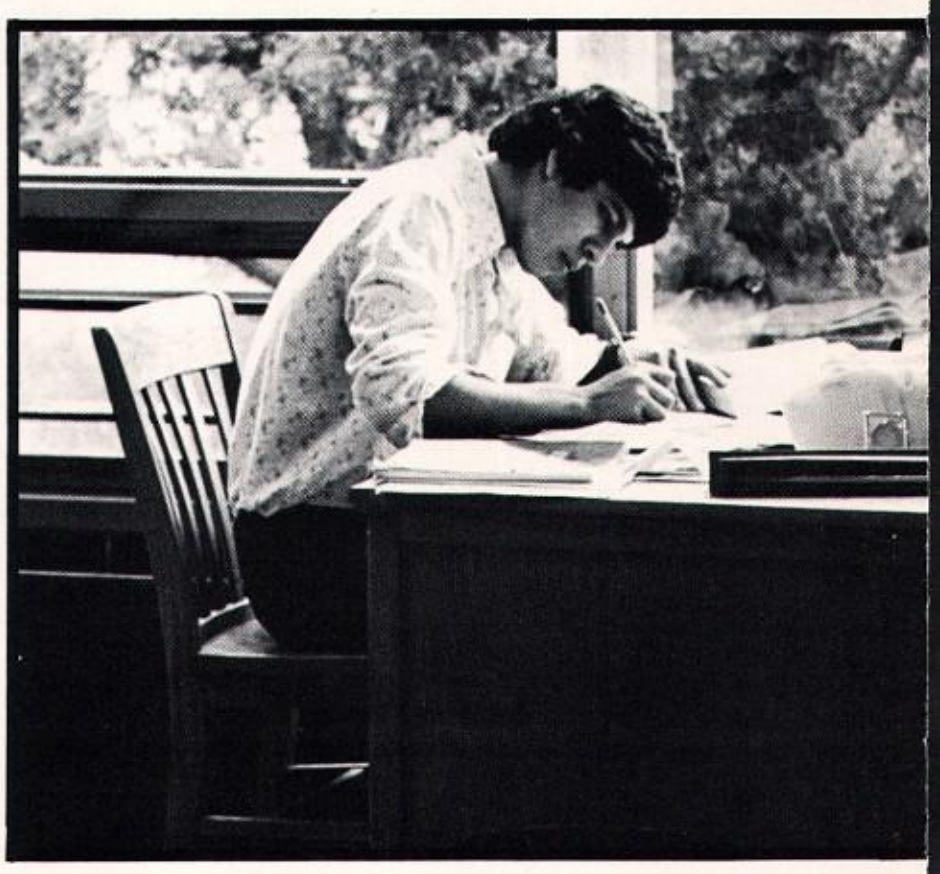


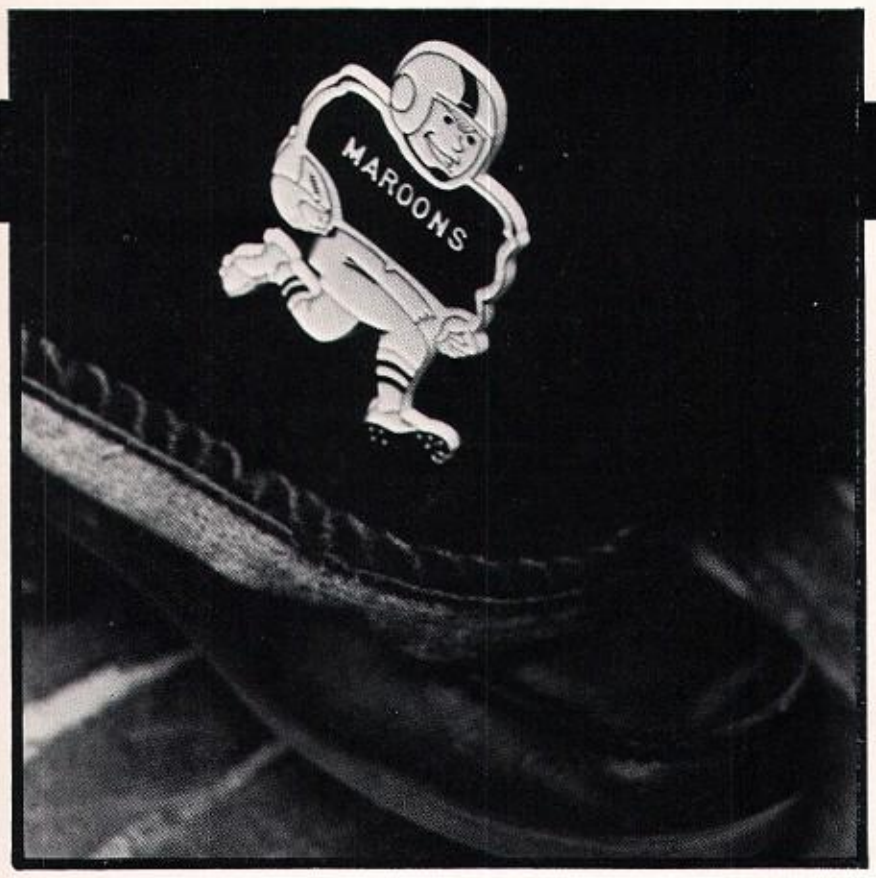


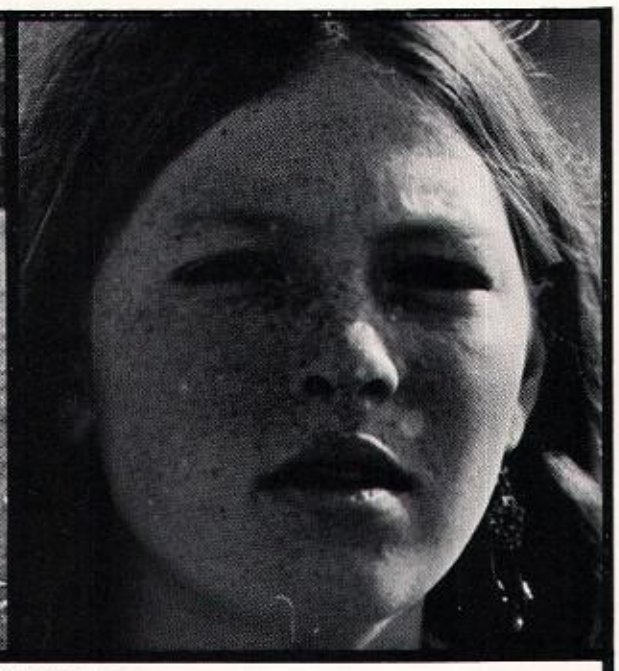


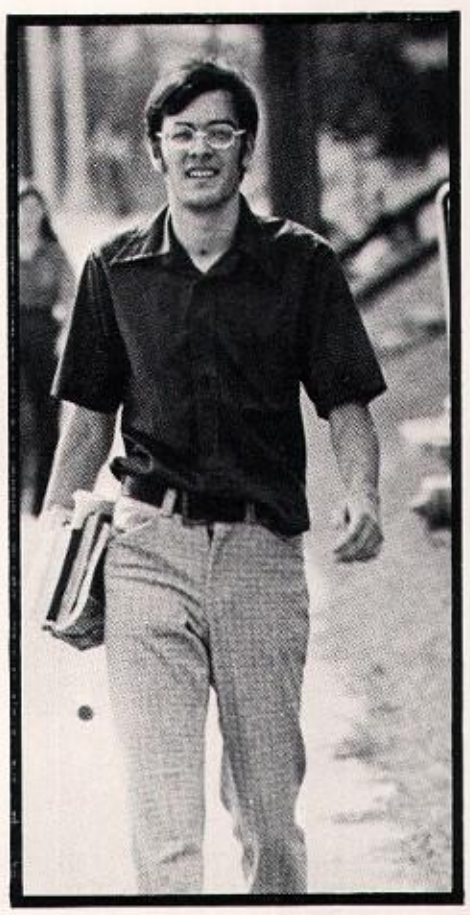


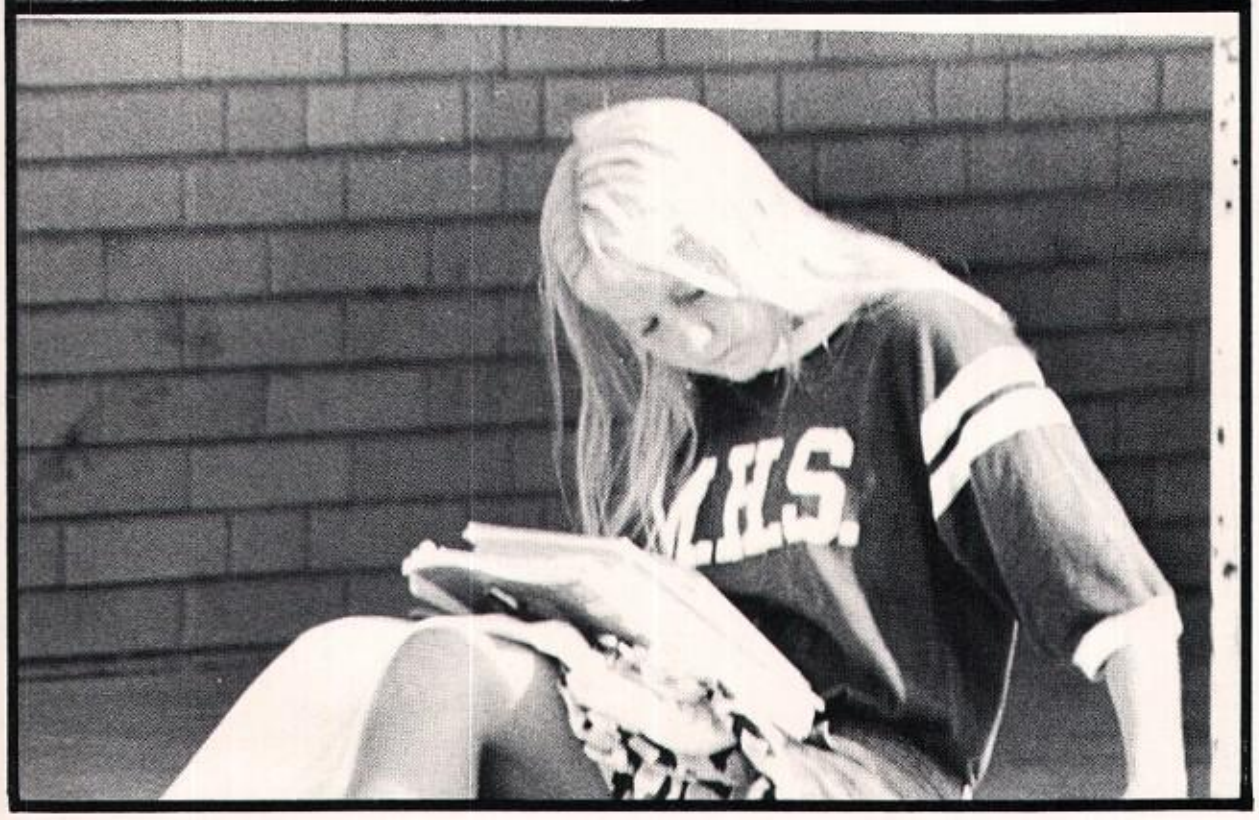




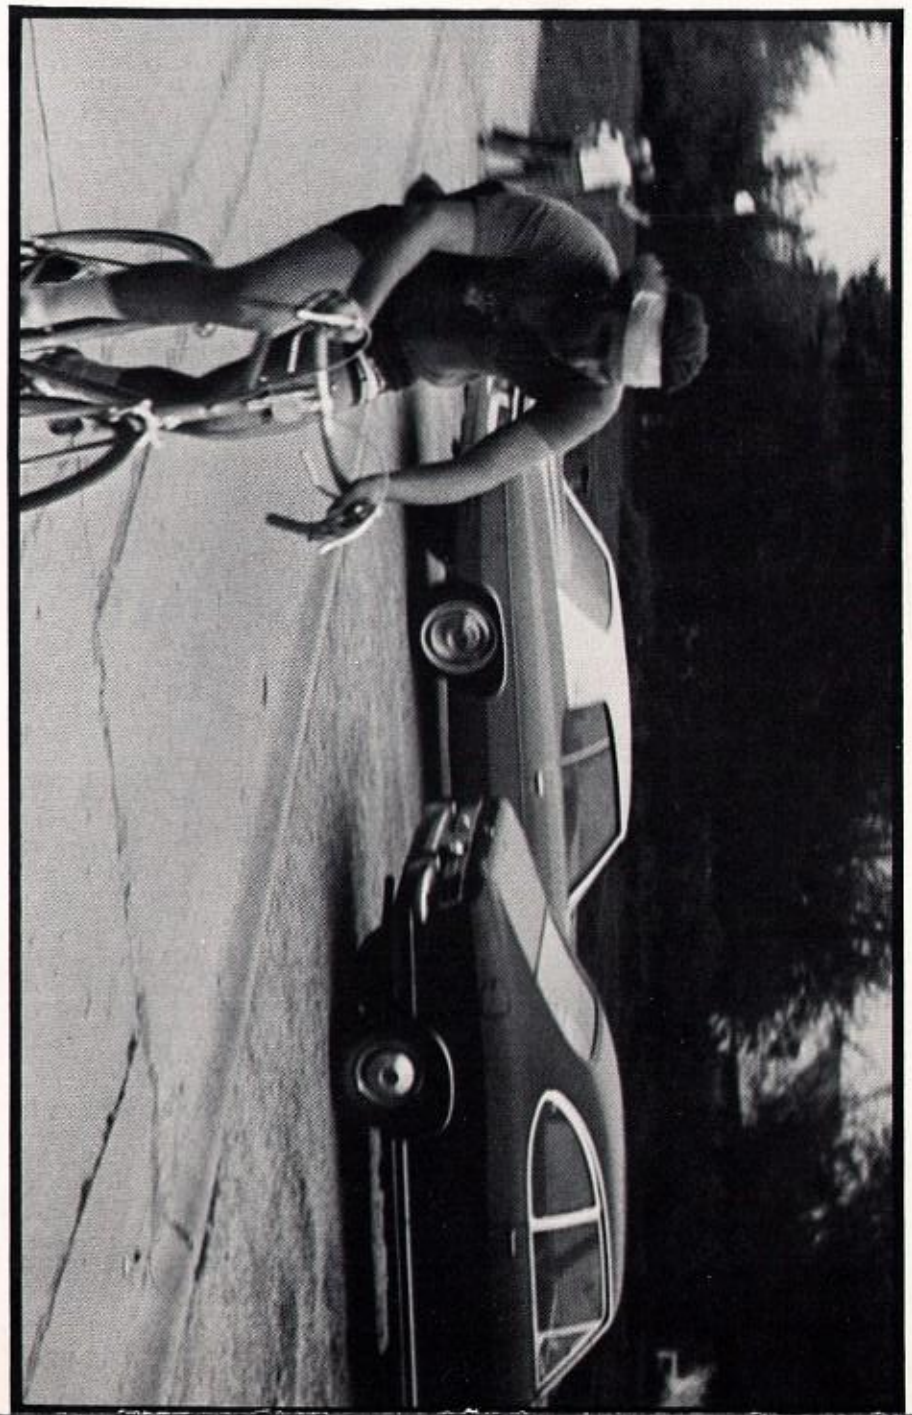








Time forces memories upon the mind, bringing back the laughter, daydreams, and tears.



What's it like to graduate?

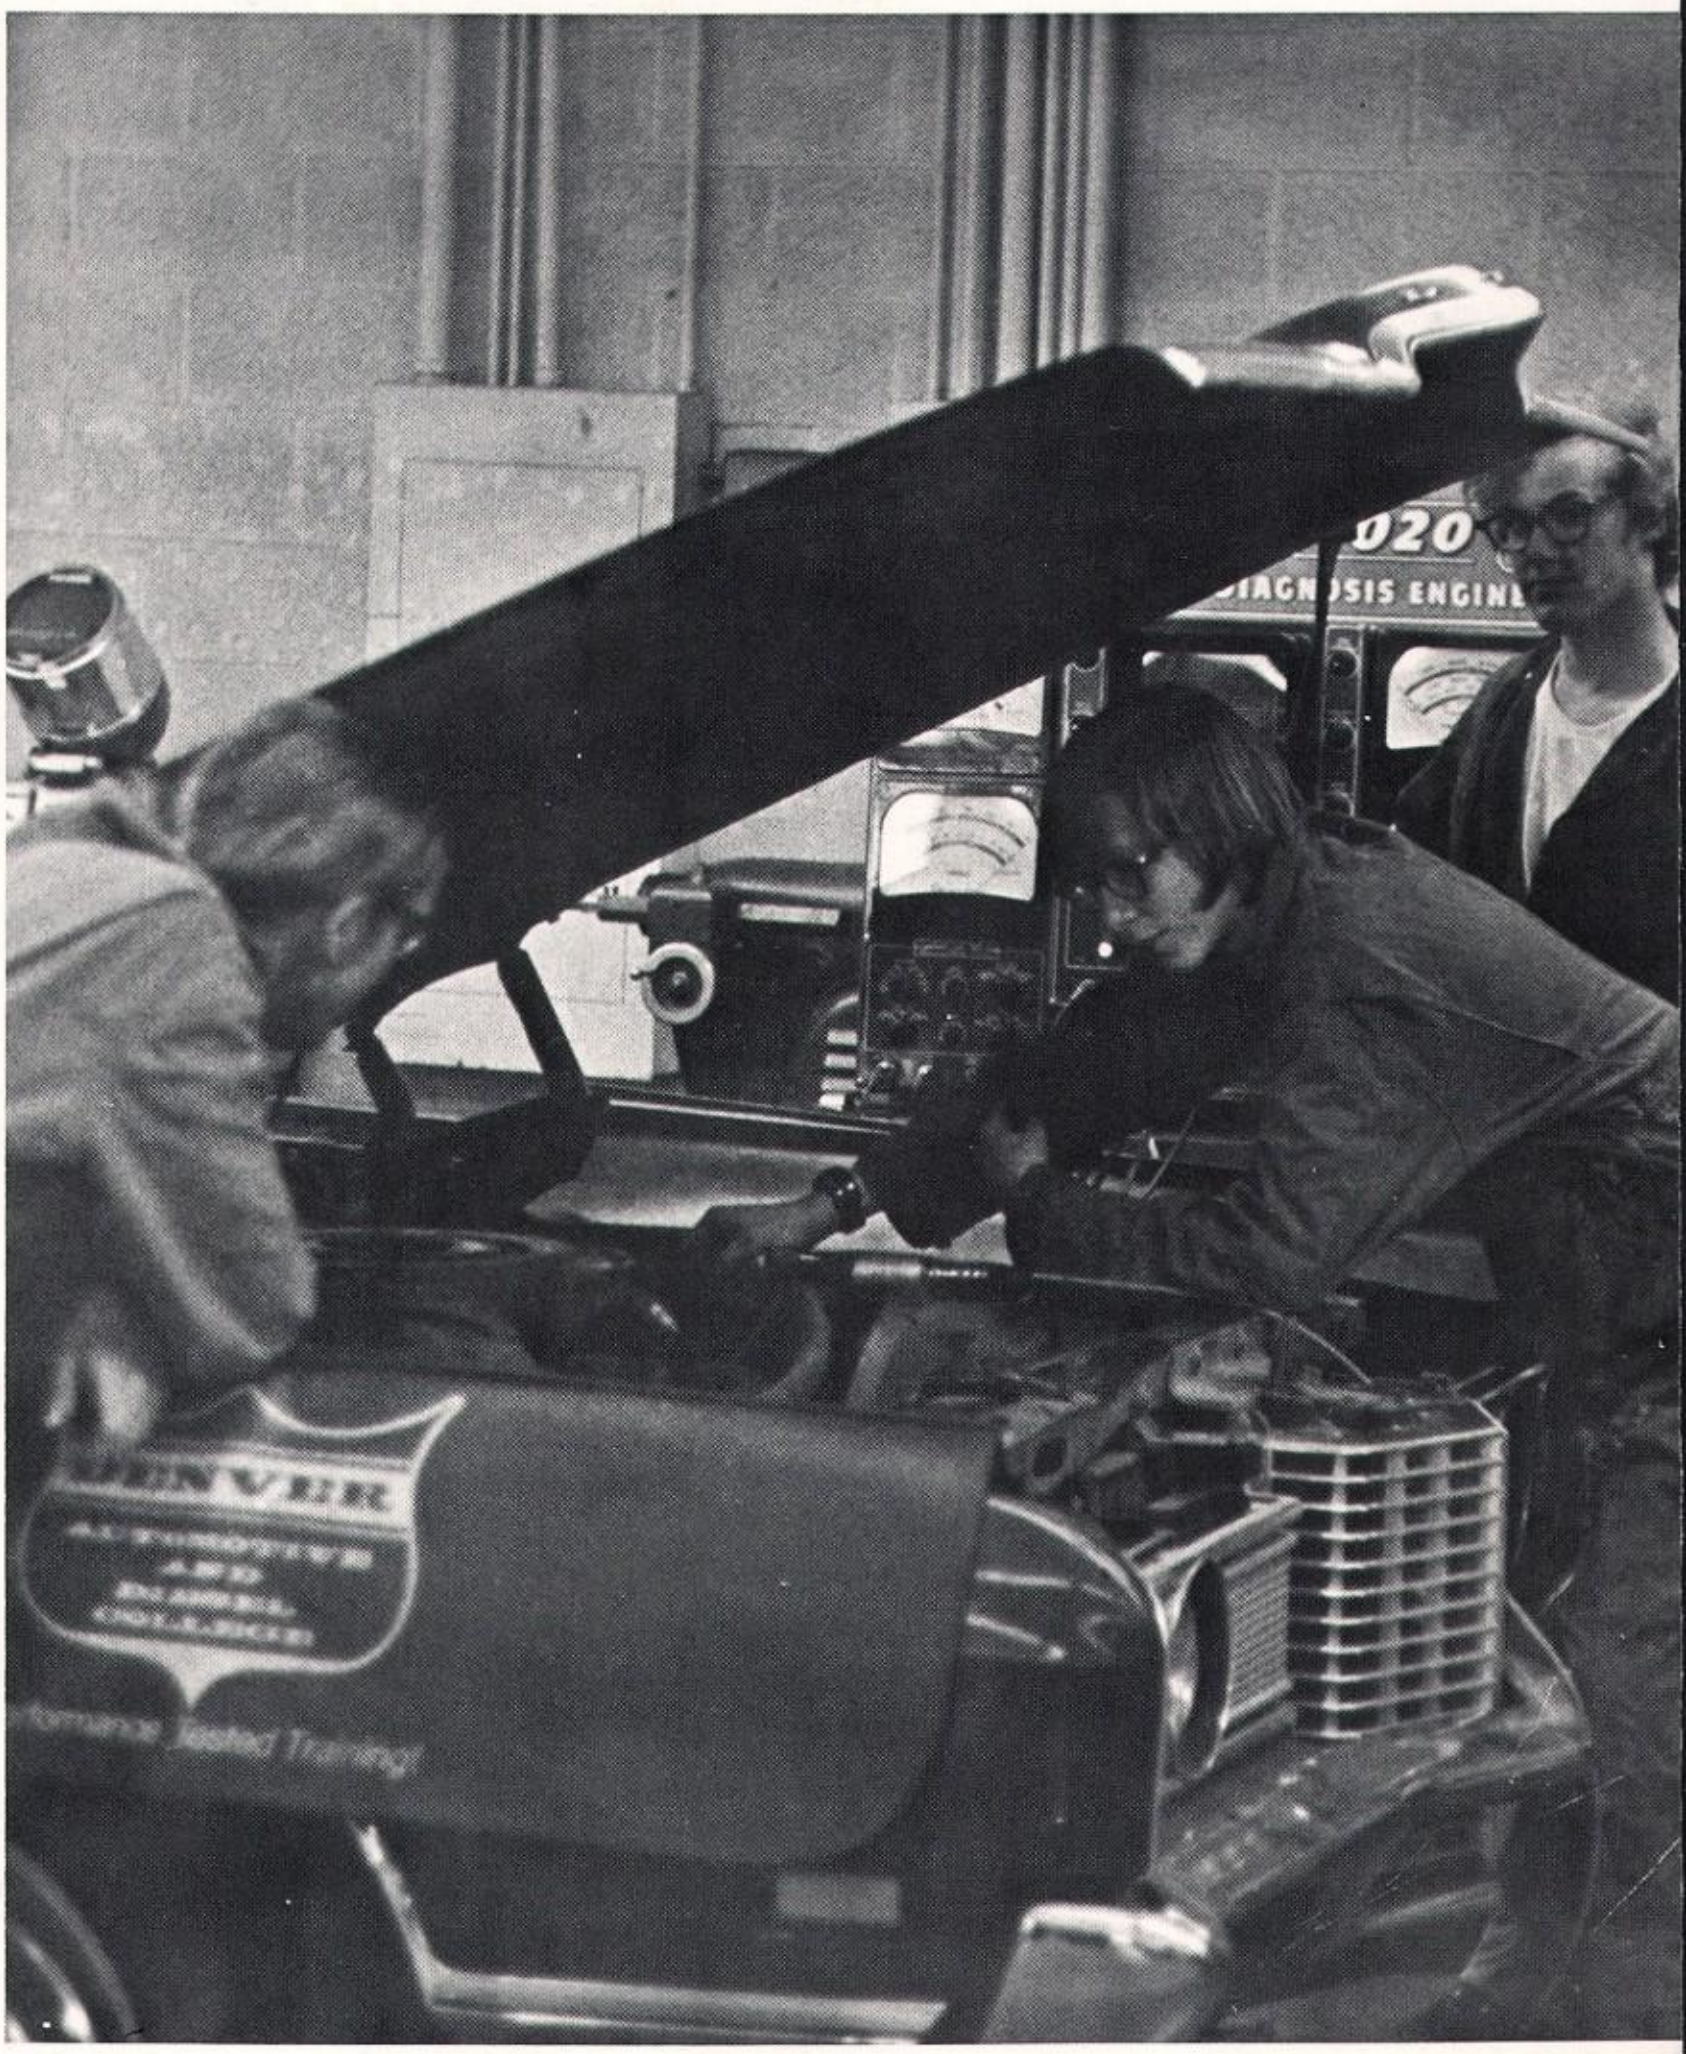
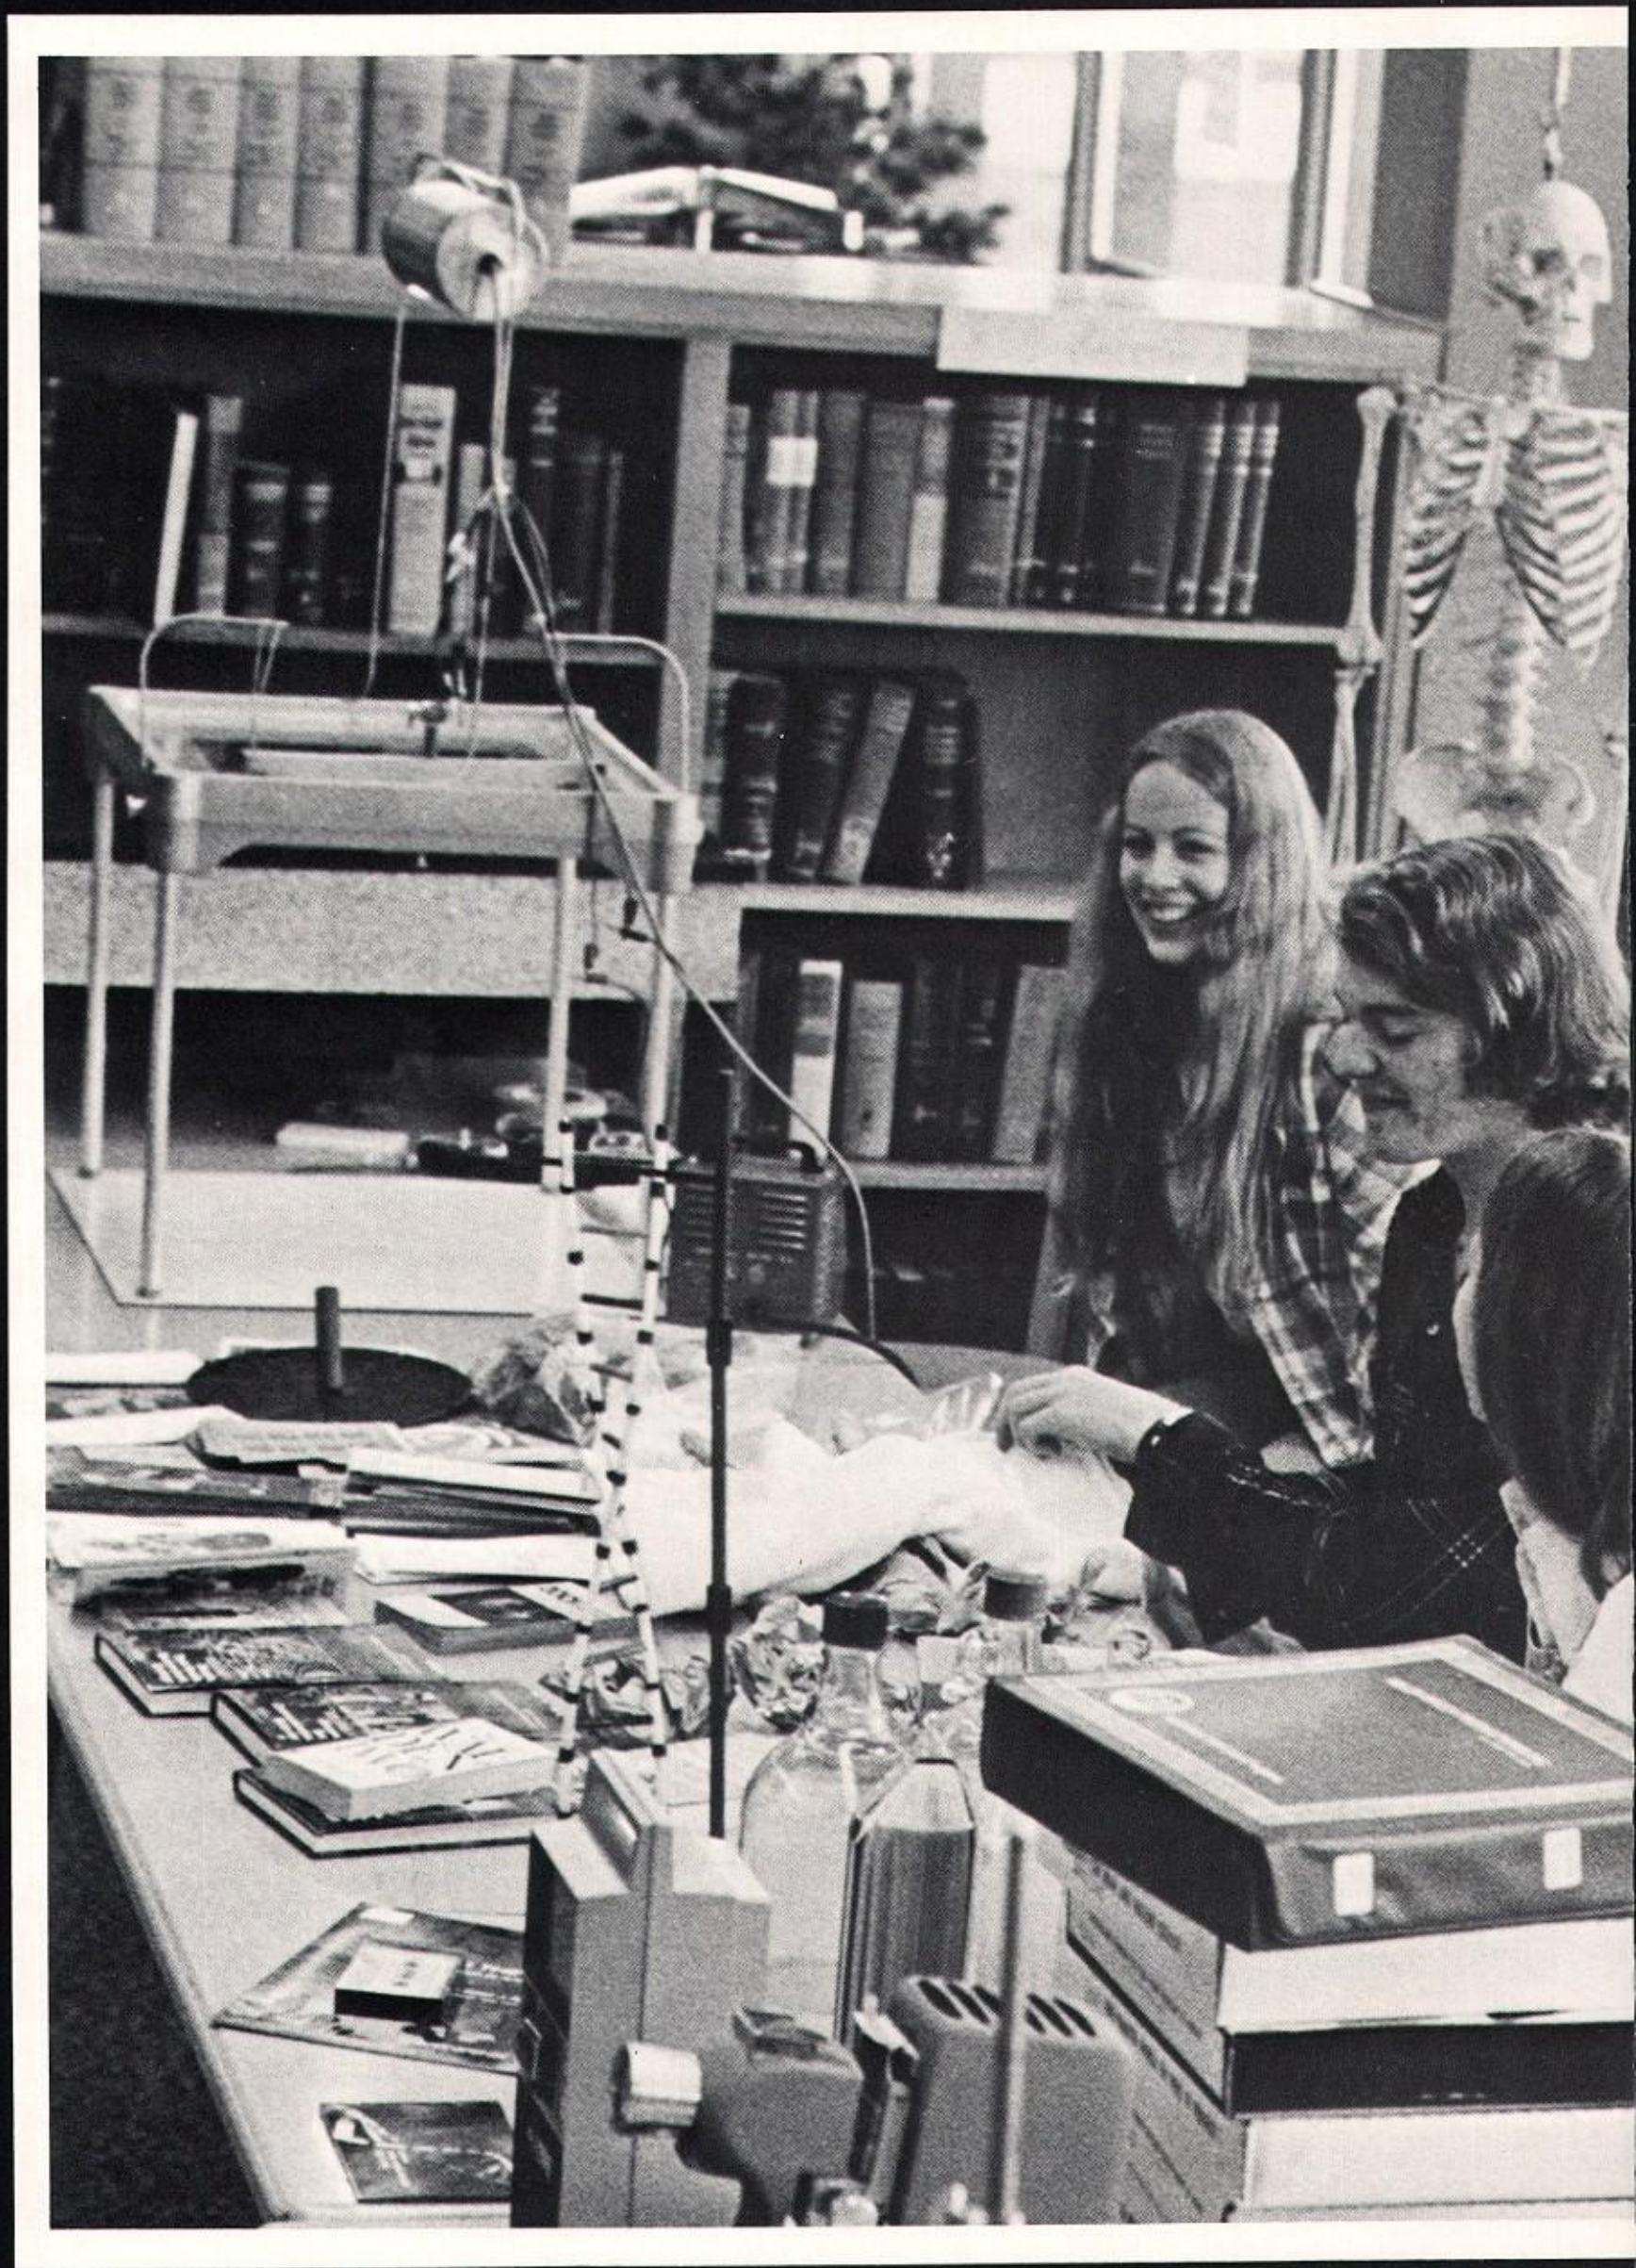
you are up against your opponent.
the game has just begun.
each of you has a chance to win.
a chance to survive.
you reach your first goal,
kindergarten;
you're growing, building, reaching for
importance,
suddenly,
you're lost in the shuffle of years.
seventh grade;
you on your way again,
30, 40, 50 yard line,
you've got it made,
tenth grade;
where did you go wrong?
you had leadership and prominence...
you take your position again
working, striving, succeeding,
twelfth grade;
you're tired weak, and withered,
you need rest, time out,
your opponent is now in front of you
he is ready.
life has won.



DENVER

the butterfly counts not months,
but each moment in a day,
and has time enough for living.
we can find time
to do what we love best,
to search and explore new experiences
and find meaning
to what we are doing.
with help and patience
we can seek our individual goals
and maintain them forever.
with guidance and direction
we can find each other,
and make one person's belief
a joint effort.
we have become one
without becoming a whole,
as seniors,
our moment is coming
to make decisions
and become a part of the outside world.
in time,
we will realize that we were slaves
bound to old ideas and decayed
impressions.
give a gentle farewell to yesterday
and look for the birth of new hope.
tomorrow.



for some
the three years seemed
long, tiresome, and never ending.
full of boring days, people, and activities.
nothing to look forward to,
and nothing to reminis about.
for others
high school was a circle of
excitement, happiness, and smiles.
these people get the most from everything.
they hear the music of life
and start to dance.
just being together as a class
should be something to sing about.
those three years are gone
and we must be able to
remember them and be happy.
we are free now,
able to turn around, leave the yeast,
and say yes.

if we want to know
where things are going,
then it's nice to know
where we have been.
what have you been doing
these past three years?
what were you involved in?
stop and remember.
what did you enjoy participating in?
used years have passed on.
new years have started to emerge,
fulfilling our trust,
renewing our faith,
that this has always been.
that this will be again.

Junior Class of M.H.S. Finds New Experiences

This year the Junior class had many new and exciting ideas for the '73, '74 school season. The first bike race was developed and carried out in September. Several weeks in October were devoted to building the class float. The traditional class party was scheduled, inviting all juniors to join in the December festivities. January brought the money raising project of candy sales. The money was to go toward a skiing trip to Chestnut Mountain. March was spent working on the annual Junior Prom which was again a success. The spring project was to have a pancake breakfast at Riverside Park. Trucks were to pick up students at school and take them down to the park. A short Easter service was to follow.

"I am proud to be President of the 100th graduating class of M.H.S. I feel our class is unique in every way. We are fortunate to have very fine athletes, both boys and girls. We have endless energy and spirit which is important for a successful year. I just wish we could get more juniors interested and everyone working together in making this a most memorable year." (Dan-O Watkins)

"I ran for class officer because I like to meet people and make new friends. This seemed the best way to do so. I enjoy being involved in various junior activities and wish I could convince more students to participate." (Kim Henss)

1. "It feels good to get outside after sitting in school where you feel sort of yellow dead", says Sue Smith as she trots down 23rd Avenue in the Homecoming parade Going over the list for the busy year are Junior class sponsors Mrs. McGrath, Mr. Crou Mr. Shelor, and Mrs. Jacobs. 3. Officers for the "Class of '75" are Kim Henss, Treasu Dave Youngvorst, Vice-President; Dan-O Watkins, President; and Ann Clark, Secret All four have made excellent leaders and fine officers.

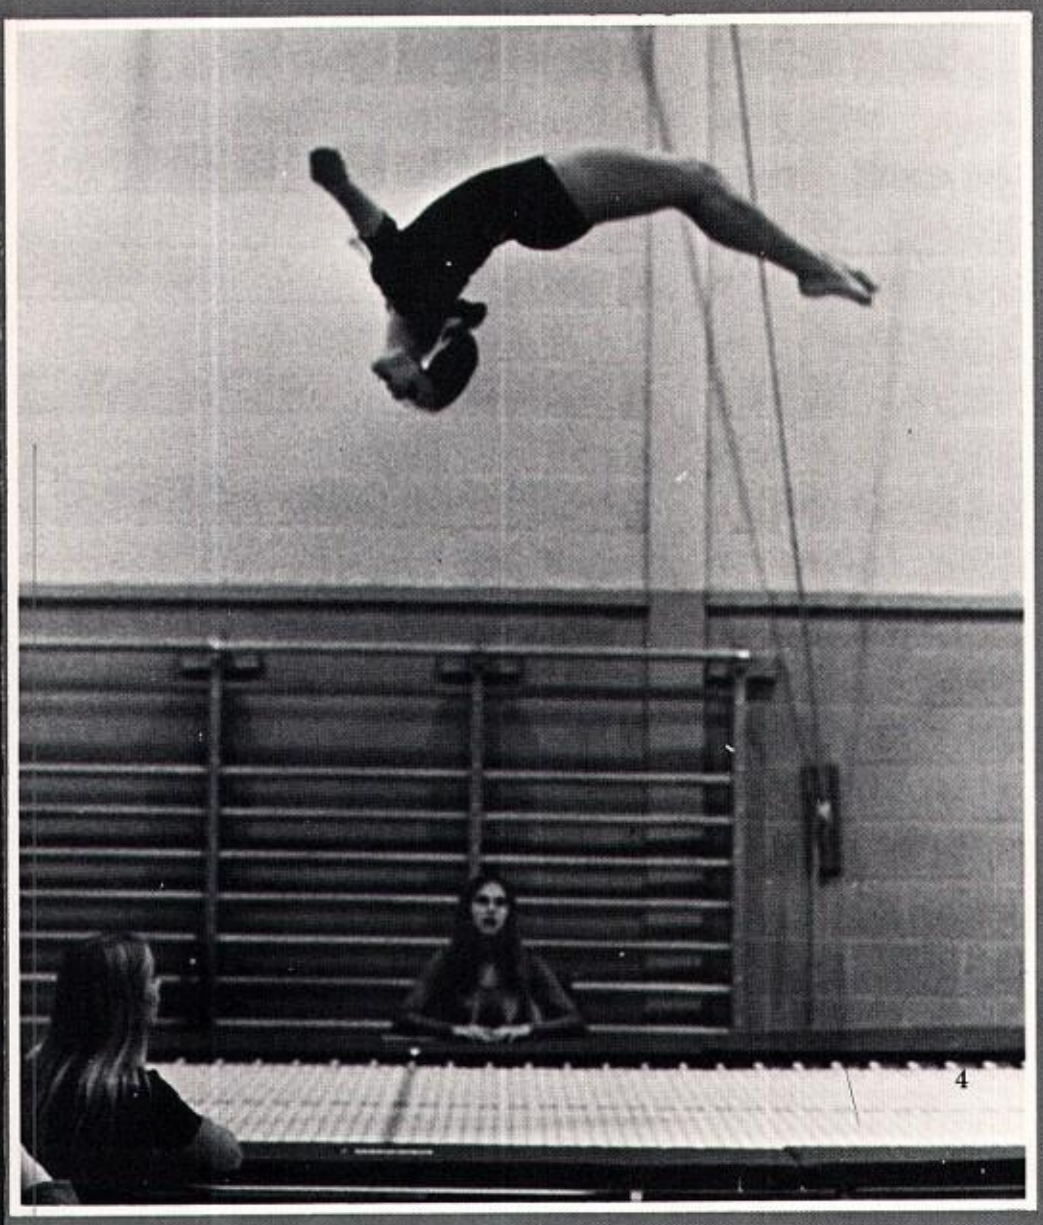
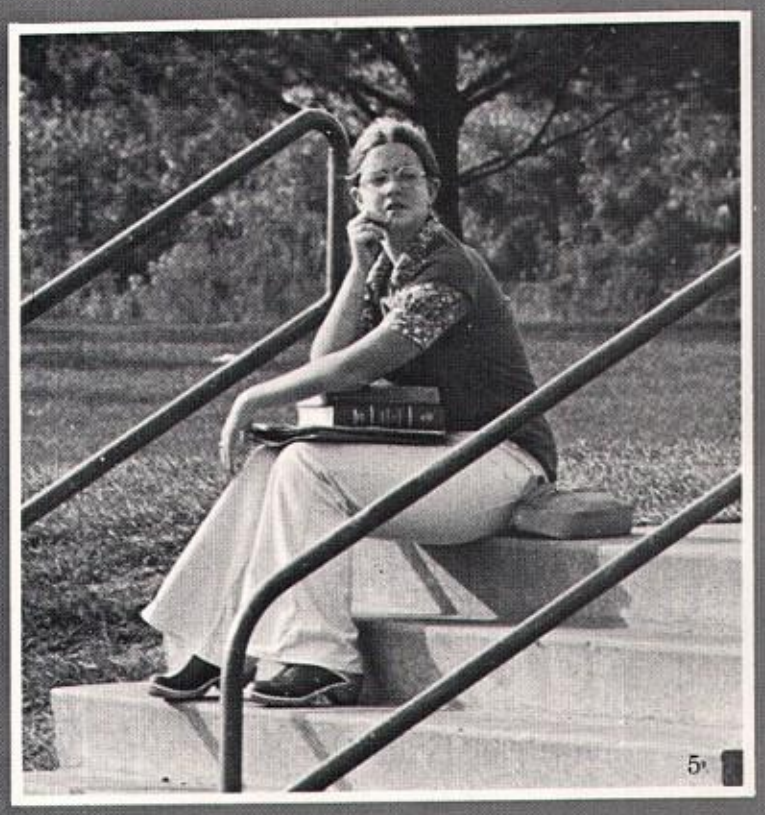
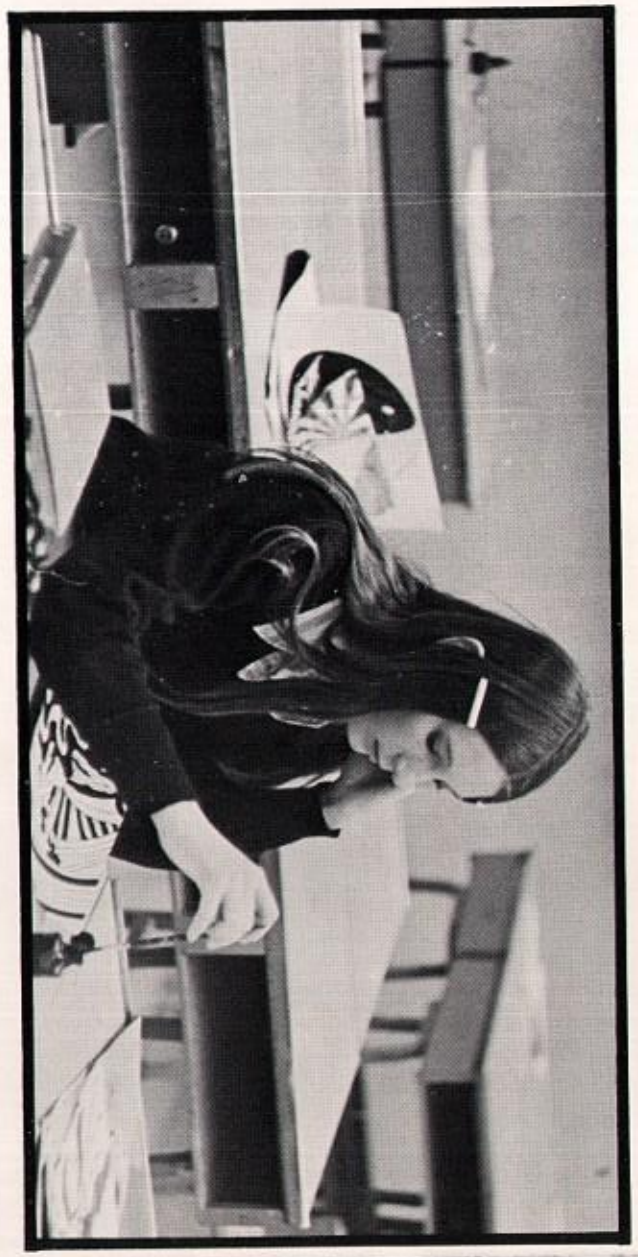
Juniors Perform Many Talents; Successful Year



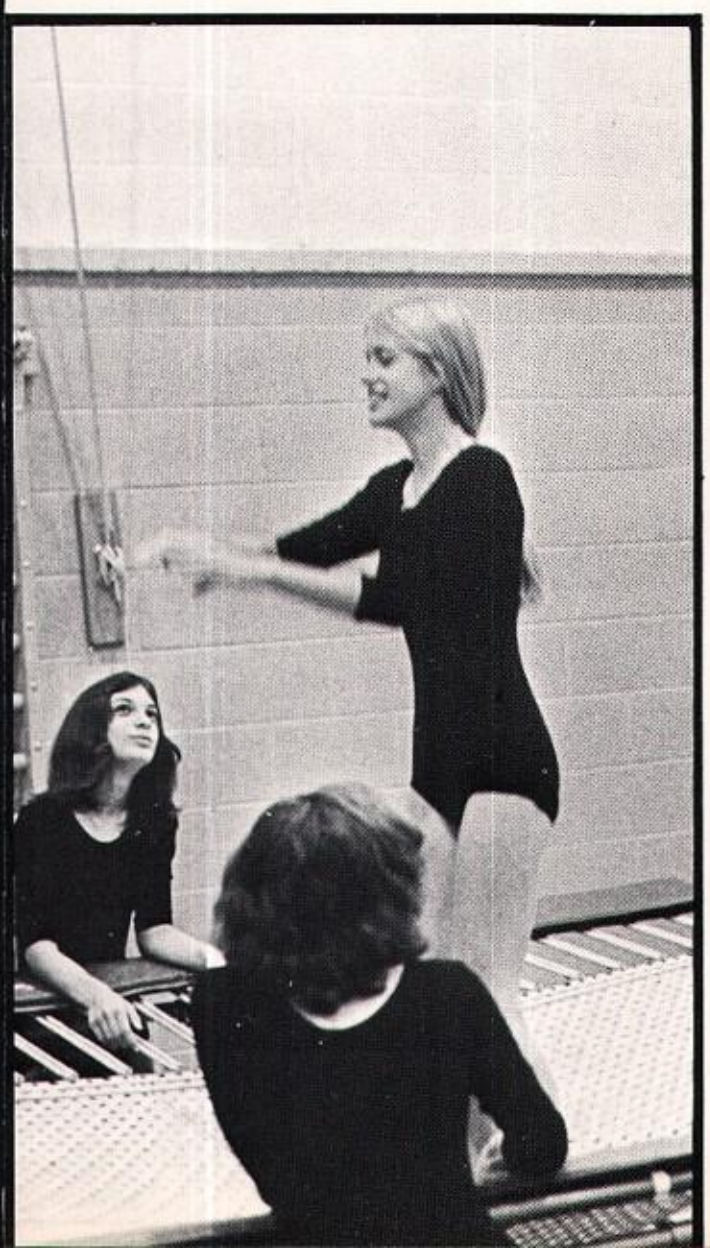


1. Junior Y-teen members help their treasury expand by selling Homecoming balloons. 2. Matt Simmons and his camera take a break during a home football game. 3. Tom May might want to type faster, but two fingers don't go very far. 4. Is it Peter Pan or Teresa Popelier showing gymnastic talents on the trampoline? 5. Is Liz Hacker waiting for her mother or a tall, dark, handsome, stranger to walk by? 6. Sara Trapkus would like to create a clay vase, if only she didn't get so dizzy. 7. Kathy Pearson thinks that she can stuff a float better than she can stuff a turkey. People may agree with her.

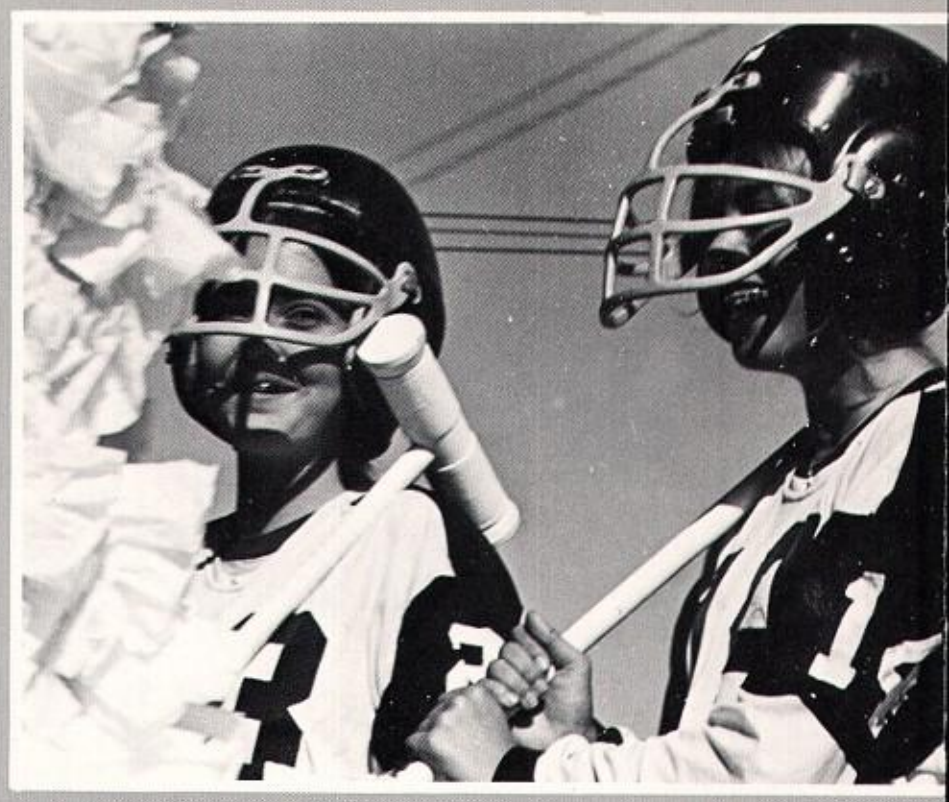


What's it like to begin?

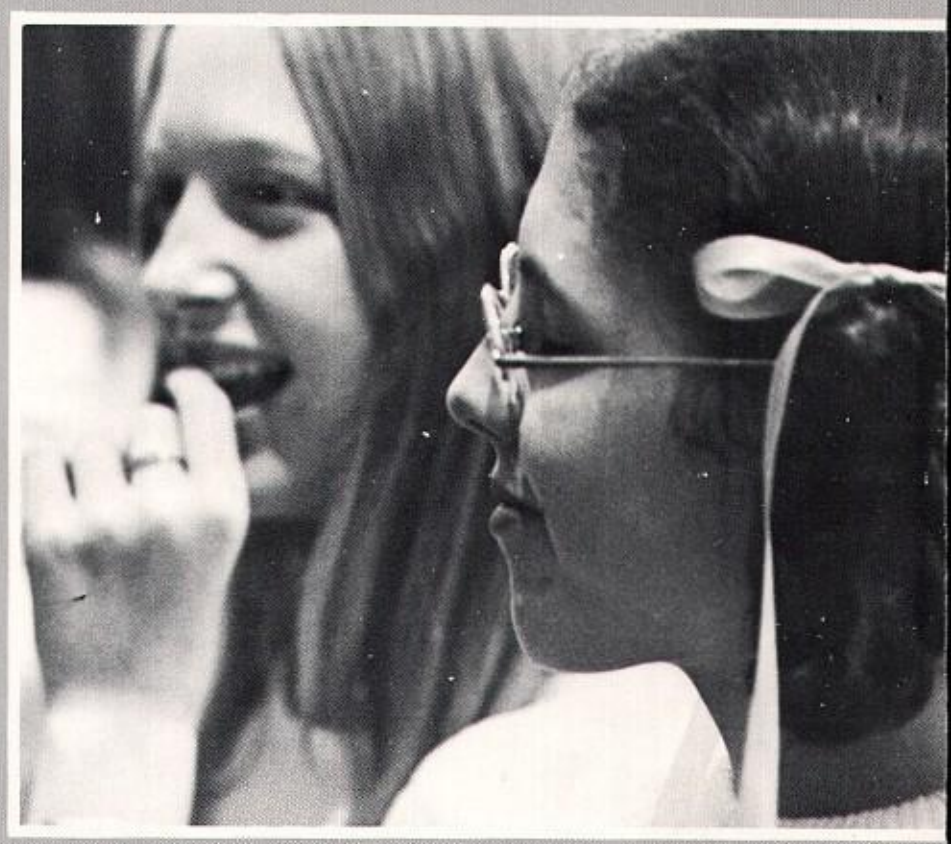
Sophomores



A Sophomore's World Is a New Beginning



Although the first days of classes were confusing with crowded hallways, strange faces, wrong rooms, and cries of "But how can I in only five minutes?" this year's sophomores were introduced to the opportunities and traditions of MHS and soon settled down to an eventful year filled with a variety of activities. Included on the list were a class party, Homecoming, the excitement of a driver's license, and the thrill of studying for final exams. Second semester sophomores gained self confidence and became old pros awaiting their junior year. But being a sophomore means not only an introduction to new goals and more homework. It means a new beginning that will influence the rest of one's life. It is a search for expression, a striving to reveal oneself, and to know pride.



1. Sophomore class sponsor Mr. Leach with this year's officers Rosa Escarza, Dan Corkery, Wendy Daebelliehn, and Mike Frieden. 2. The Sophomore's first big project of the year was the Homecoming float in which Patty Quane and Sandi Rockainis participated. 3. "It's best to stop and think things out," say Teresa Kennedy and Marlyce Ruhs as they contemplate the newness of it all. 4. A slight disagreement of direction, Bob Fauri and Dave VanNorman find learning their way around MHS a bit confusing.

Cross Country for the 1973 season started in the last week in August on Coach Shipley's farm. For that week, the Harriers averaged about 100 miles. They have practice twice a day, morning and after school, averaging between 10-15 miles a practice. A balanced diet is an essential for the cross country men. They stay away from pop, sweets, and other fattening foods, as well as getting plenty of sleep, which is important to any athlete. A few comments given were: David VanVooren — "Our team was well experienced and we should have had a better season than we did." Pat Eberhardt — "Speaking for myself, cross country was three long, but fun, years at Moline. I found being a winner didn't necessarily mean you were the guy to come in first." Coach Shipley — "This is one of the nicest groups of young men that I have ever had, and it was the best season that we've ever had!"

Coach Ken Bunte Closes Season With a 6-4 Slate

Senior quarterback Ted Spurgetis, leading passer in the Metro Conference, led the Maroons to a 6-4 record. Chuck Tschopp ran his way to fourth in the Metro Conference, while Mike Klansek received All-State. Jay Ogden got second in pass receiving and scoring touchdowns. The rest of the awards went to Ted Spurgetis, most valuable player and best offensive back; Rod Baker, best offensive lineman; Mark Thomas, best defensive back; and Arthur Arrington, best lineman and also Leadership and Sportsman Award recipient from the "M" Men. The "Sweatknocker Award", the award for the hardest hit for a game, went to 10 players, with Jay Ogden receiving it 3 times. Overall, Moline ended up second in the Big Six and tied for third in the Metro Conference.

Sophs Tie for 2nd in Metro Conference

The little Maroons and Coach Richard Matter had another successful season, dialing an 8-2 record. The little gridders captured a second in the Western Big Six, as well as a second in the Metro Conference standing. With Mark Robbins at the helm, the Maroons moved up and down the field with the help of the backfield and receivers. The Maroons proved to work well with each other for their first year together, which will be a big asset to their future competition. All this proves that it will most likely be a very successful season for the 1974-75 Football squad.

After losing a lot of talent last year, people thought that Moline had nothing for this season. Mr. Thompson proved different and molded a team that started out slow, but proved to be an eye opener at the Pekin Tournament. The Maroons brought back a third place trophy. From there the Maroons repeated history once again this year by knocking off the #1 team in Illinois, Chicago Heights Bloom. In fact, the fans gave so much support that Chicago Heights wants their next meeting with the Maroons canceled. Once again Coach Thompson developed what some people thought to be an underdog team into a fine squad of young men whose poise and talent will go down in memories of Moline fans.

Grapplers Go 19-1, Take 1st in Metro Bix Six Conf.

With a dual meet record of 19-1, the squad also took the Quad-City Metro and Western Big Six titles. The grappling Junior Varsity, under the direction of coach Harry Lester, also posted a fine record of 13-1, aiding to a fine wrestling season.

Excellent performances this year were given by seniors Randy Shaw, Robin Laughead, Steve Burgess, Tim Rumler, Niel Ealy, Craig Bishop, Mike Klansek, and Kevin Blusher. Juniors Jim Owens, Kevin Puebla, and Dave Vanderlinden, helped by sophomore Kieth Puebla rounded out the Varsity squad.

Moline Fish Take 10 Straight, 1st in the Metro Conference

The Moline Tankers, for the 1973-74 season, pulled off with ten straight wins, a first in the Rockford Relays, and for the second year took the Downstate and Metro Conference Championships. At the Indian Relays, Moline came up with a fifth place standing. Mr. Joe Ruberg, head swimming coach, put together a team who could score as high as 131 points and shut another team down to a mere 34 points.

The tankers have four swimmers coming back who advanced to State last year. They were Marc Atkins, Steve Grimes, Doug McNeil, and Gary Johnson. There will be many juniors and sophomores returning next year to carry on the swim teams fine records. At the time of this writing, we're sorry, but we were unable to determine the tankers further performance in State finals.

The first MHS girls swim team was a success! Starting two weeks before the 1973-74 school year began, the girls practiced every night for three months. Twenty five girls stuck with the team throughout practice, defeat and victory. All school records were set by Moline swimmers except three, and several MHS girls broke records at other schools. Behind the girls all the way was Coach J. Savignano.

H.R.C. Not Only Listens to, But Solves Students Problems

Crew Work And Acting Earn Thespian Points

Sponsored by Miss Delorus Beckmann, the International Thespian Troupe 1900 is an organization for those giving outstanding performances in the various fields of the theater. Membership in the group is determined on a point basis, so many points are awarded for work in two or more different areas. These areas include acting, set construction, costuming, and assistant directing. Initiation into the group is held twice a year, at Christmas and at a Spring Banquet. To raise money, Thespian members sell pop during intermissions at the school fine arts productions. Some members also usher at the Broadway Theater performances, as a service project. A scholarship fund that the Thespians have is used for tuition to send interested junior and sophomores to summer theater workshops at various colleges.

Crew Slaves to Build Scenery for Productions

Stage crew members performed many backbreaking jobs while working behind the scenes during MHS show performances. Building sets, painting, selling tickets, ushering, and collecting properties, are just a few of the jobs crew members do. Other jobs include changing sets during a show, working the lights, follow spots, curtains, and pinrail. All those on crew put in many hours of work making sure that everything backstage goes according to plan. For their efforts crew members receive points, which help make them eligible for becoming members of the Thespian Troupe 1900. What's a Thespian? For more information on Thespians, look on the other side of the page.

Band Booms And Toots Away on Musical Works

Highlighting school functions was this year's band under the direction of Mr. Louis Dilulio. The marching band, under the direction of Mr. Robert Marinangeli, was one of the major attractions at the football games. The band also performed at the half times of the home basketball games and for "One Night of Melody". Besides performing at school activities the band also worked on pieces for their concerts during the year. Individual work and group participation helped to improve the band to the successful organization it was this year. Select members of the band were involved in All State band and small groups of players were sent to participate in Sole Ensemble Contest. Congratulations, a great year for our musicians.

Orchestra Members Fiddle Their Precious Time Away

Once again Mr. Merle Wegener has produced an orchestra of high quality. Stressing good musicianship and hard work helped to make this year's orchestra such a highly successful group. Select members of this group were chosen to play in the pit orchestra for the musical "Hello Dolly," while the rest of the orchestra worked on improving their musical ability. Eight members of the orchestra were chosen to participate in All State orchestra. Three concerts during the year, two with just the orchestra and one with Concert Choir, kept the organization busy. In between all this work the orchestra also had to work on pieces for Mississippi Valley Festival and Graduation.

Choir Worked Hard to Make First Xmas Album

Adding to their already busy schedule, this year's Concert Choir, under the direction of Calvin Hedegaard, made a Christmas record on October 28. Rehearsal for the record was begun at the beginning of the school year, and much work was put in by all involved. Concentrating on favorite hymns that everyone loves, the record turned out to be a big success. For the rest of the year the choir worked on improving the technical aspects of singing; breath support, intonation, and an over all good sound. All this work went into the fine performances that the choir gave at their annual Christmas and Spring Concerts, and on One Night of Melody. A few of the singers out of the chorus were chosen to go to District Festival and All-State Chorus during the winter. During the spring, ensemble groups and soloists competed in the State Ensemble Solo Contest. Singing at Commencement and Graduation ceremonies concluded this years activities for the choir.

Stage Band And Twirlers Turn Out Fantastic Year

Ever wonder about those girls out on the football field in their spangled outfits freezing their little legs off. They are the baton twirlers for this year's band. Under the direction of Mr. Louis Dulilio, the twirlers have put in much practice in preparation for their many performances at the football games. Head twirler, Candy Rivelli, also performed a dance in "One Night of Melody". "One Night of Melody" was also the big performance for the Stage Band, under the direction of Mr. Marinangeli. Stage Band members were picked by tryouts, and those that made the final pick had to practice two nights of every week. All that practice was well used, since this year's Stage Band was one of the best the school's ever had.

Counselors And Secretaries Are People, Too!

Counselors have been really busy this past year. The MHS scheduling system was entirely renovated into a new system called 'self-scheduling." With this process, students chose their own teachers and courses. The counselors had to see that the students filled out all of the proper forms and cards, and that they understood the new procedure. In spite of this burden, the counselors still found time to talk to and help students, to give tests and lots of guidance about future schools and occupations.

The MHS Math Department has made few noticeable changes this year, but has maintained it's usual pace of excellence in learning. One new course was offered this year, dealing with the Modern Mathematic Machine. Also, the department as a whole spent much time studying the role of geometry in our curriculum.

With the past success of the T.H.I.S. program, this year Natural Science became a reality. Offering a three-year full-credit course in Biology, Chemistry and Physics, Natural Science is now available to any student. The Science Department continued this year in efforts to refine this individualized and personalized system. In the future, it is hoped that some of the present standard courses can be absorbed into the new structure.

MHS Library Receives "Right to Read" Grant

English courses underwent a vast change this year with the advent of one semester courses. Most English courses, with a few exceptions, went to this system in order to offer the student an opportunity to sample a variety of English courses. The department also spent the year refining last year's new courses — Individualized Reading and Humanities.

The MHS library has had an unusually exciting year. This was caused by a government grant enabling the library to set up the "Right to Read" program. It provided the MHS library with many new books, resources and aids.

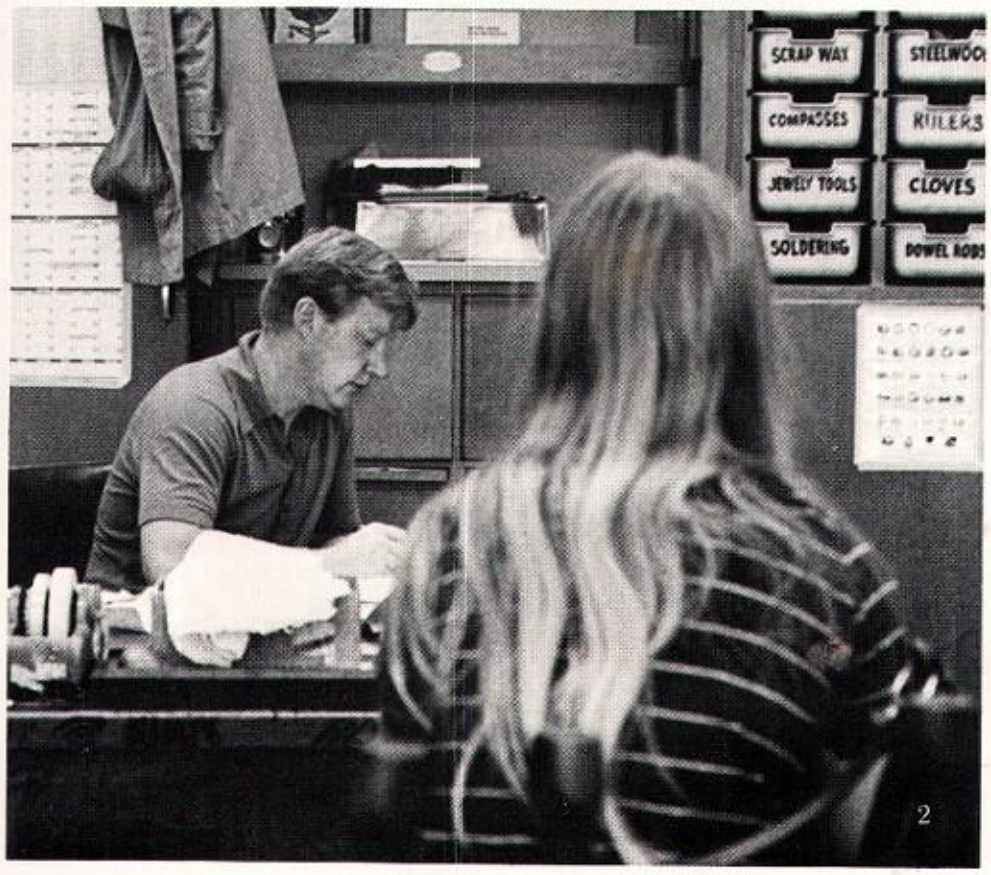
Resource Center New to MHS



The Social Studies Department added a special resource library this year. In the words of Department Head Jack Dye, it is "the best news for us in three years". The Resource Center, found in E-204, contains books specifically pertaining to the Social Studies courses, various history encyclopedias and audio-visual aids.

Expansion was the theme of the Art Department, too, this year. The crafts, metal-works and jewelry area were all expanded, with the aid of a full-time crafts teacher, Mr. Dave Pleshe. Art Club made a comeback this year with a prize-winning float.

This year, the language department has added cadet teaching to its many methods of education. Two fourth year Spanish students were selected to teach English to a junior high student who can only speak Spanish. A video tape show was broadcast on a local station this past fall, with many of the language students participating. It brought many songs, dances, and interviews with the various language instructors. Students were also interviewed in reference to trips that they have taken to Spain, France, Mexico, and Germany. The television show was informative. Trips to places such as Paris, Mexico, and Germany were once more a part of the extra curricular activities for language students.

The Business Education Department had a very successful year with the Data Processing Course. It helped students with actual office work and gave them the experience they so much needed to work successfully. New equipment also helped in aiding students. Sales and Marketing helped put the skills of business in the world by first-hand experiences. Office Occupations is another facit of Business's Administration. This course provides students with the opportunity to work half of the regular school day. O. O. has had many money making projects. The money that is made is used for a banquet that is given by the students for their employers.

Concert Choir Makes First Albums
Home Ec Offers New Courses

The Girls Physical Education Department loosened up this year. Modeled somewhat after the boys program, the girls were allowed to elect their gym courses and teachers from a variety of selections.

The Home Economics Department added two new courses this year. The first of these was Bachelor Living, which was open to any MHS boy. In this course the boys learned to cope with all those "woman's chores" like cleaning and mending. Child Development, another new course, gave juniors and seniors a chance to learn the stages of a child's growth.

In the Music Department, the band was busy marching and giving concert performances. The orchestra joined in those and was also busy playing for the musical. Concert Choir made their first Christmas Album, the results of which were overwhelming.

Ind. Arts Adds Course P.E. Continues Electives

There were some changes in the Industrial Arts Department this year. The vocational welding course was reinstated and went into the production of machine parts. Also, if anyone ever noticed any noises in the bowl west of the school, they will be relieved to know that it was the power mechanics class shooting off the rockets that they built. Another change in the department was the fact that the architectural drafting classes designed the houses to be built by the building trades classes.

A variation in the Boys P.E. Department was found the continuation of electives. The nine-week grading periods were divided into three three-week periods to enable both sophomores and upperclassmen to take courses like tennis and swimming.

This 1974 "M" yearbook has been created through the help of many people. We would like to give a special thanks to the M and M Mars Candy Company, Chicago, Illinois for permission to use the cover design, and to Mr. Leach for drawing it for us. We would also like to thank Mr. Barnes, the administration, faculty and students of Moline Senior High School; Mr. John Adolphi; Mr. Ron Chappell and Adolphi Studios; Mr. M. L. Gardner; Mrs. Dorothy Bermejo, and the American Yearbook Company; the "Moline Daily Dispatch"; our student photographers; our advertisers; our parents; and especially our helpful staff and our advisor, Mr. David Coopman. Through many hours of work, determination, and persistance this book was finished and is brought to you.

Robin:

Last year when you came to John Deere I knew right away that we'd become friends. As you know we did. Good friends. But that year is over with and we came here to a big school like Moline High. I thought that I'd loose all of my old friends so I didn't want to come to Moline at all. I didn't want to loose a friend like you. Your type of friendship is hard to come by. But since we have been here at M.H.S. our friendship has become Stronger. I hope that we stay close friends for the rest of the years at M.H.S and longer. It's really to bad that this year had to come to an end. But I'm looking forward to next year. I hope that our friendship will grow stronger + better. I hope to see you this summer. It's to bad that your key broke. (Bad joke) Maybe next time it will be ~~mine~~ my key. As you know I'll be driving by next X-mas. (I hope).

You are such a sweet guy! I am really glad that we are friends. I don't think that you could change. (at least not to much) Yes I know that we have had our disagreements but that's life! We have always been able to talk to each other about almost anything. I want to keep it that way. If you ever need someone to talk ~~to~~ remember I'm usually around!

Love ya always

Annette

Hi sweetie! It was really alot of fun this year talking to ya and all that stuff. Remember last year when we hardly ever spoke at all. Well that has changed and I hope that we will always be real close friends. Well good luck next year and always in whatever you do. I'll be seeing you around.

Love ya,
Tina
